

NIP CONSPIRACY TO GET ARMS ACROSS TO CANTU

Ten Machine Guns on Way From Connecticut to Mexicali

FOUR ARRESTS

Brother-in-Law of Governor of Lower California Involved

LOS ANGELES, Calif., Oct. 10.—As the result of the arrest of Fred Dato, brother-in-law of Governor Cantu, military governor of Lower California, at Calexico tonight, on the charge of violating United States neutrality laws, Robert J. O'Connor, assistant United States district attorney, ordered the arrest of an official of a local sporting goods house and two prominent local Mexicans on the charge of "conspiracy to violate the President's proclamation of October, 1915." This proclamation prohibited the exportation and shipment of arms and ammunition to Mexico and Lower California.

Charles T. Walton, United States marshal, sent a deputy out with warrants for the arrest of the three men, and it is expected that they will be in custody tonight and immediately on their way to the federal penitentiary at Mexico.

According to O'Connor, Dato, in conspiracy with the Los Angeles men, ordered ten machine guns from a large manufacturer in Connecticut, and these are expected to arrive here tomorrow morning. Marshal Walton said that he would seize the guns immediately on their arrival.

"We have been investigating the operations of these four men for several months," said O'Connor. "We now have sufficient evidence to arrest all four and prosecute on the ground of violation of the neutrality law as proclaimed by President Wilson last October."

"We have no proof as to the ultimate destination of the ten guns, but we know they were to be sent to El Centro, Calif., and assume that from that point they were to be sent by motor truck into Mexicali. We further assume that they were for Governor Cantu, but that is pure surmise on our part. However, we know there was a conspiracy to smuggle them across the border."

STRIKERS BATTLE BAYONNE POLICE

Eight Workmen and Four Officers Are Wounded

BAYONNE, N. J., Oct. 10.—Four policemen were shot in a battle late today with striking employees of the Tidewater Oil Company. The strikers, who were armed with revolvers, shot the police and the police shot the strikers. The strikers were wounded, four of them so seriously they may die. None of the policemen was dangerously wounded.

The strikers, several hundred in number, assembled near the plant of the company and resisted the efforts of a score or more of policemen to disperse them. The officers were under orders not to fire unless fired upon, but when they approached the mob one of its leaders began shooting and the fight became general. Shots from the policemen's guns soon dispersed the strikers.

The wounded officers were shot in the arms and legs and three of them continued on duty. Most of the injured strikers were shot in the head and four of them are not expected to live. All the wounded civilians were taken to the hospital.

The Standard oil plant, which employs about 3000 men, closed at noon today after the company's refusal to grant the demands of the men for a wage increase ranging from twenty to thirty per cent. The entire police force of Bayonne was on guard duty tonight.

PUTS INTO EFFECT SALE FEATURE OF ABATEMENT LAW

SAN FRANCISCO, Oct. 10.—For the first time since the passage in 1913 of the red light abatement act, this measure was enforced today in its most drastic form by Judge George A. Sturtevant in the superior court here, who issued an order for the sale of the furnishings of the building at 660 Jackson street, controlled by Adeline M. Drol. Judge Sturtevant also issued a permanent injunction against the operation of the place.

If the sale of furnishings does not bring sufficient money to pay for the proceedings, the order provides for the sale of the building.

SALVAGED SHIP AGAIN ON ROCKS

SAN FRANCISCO, Oct. 10.—The freighter Shina-Yak, which grounded on the rocks of Point Sur, last July and which was drawn safely from her involuntary berth last Sunday, broke from the tug Deane early today and again ran aground.

Word to this effect was received today by the marine bureau of the San Francisco chamber of commerce. The Deane was towing the semi-waterlogged vessel in this port and it is thought that heavy weather outside may have made the task impossible.

The Shina-Yak is owned by the firm of Budden and Christensen of San Francisco. It is not known whether the vessel can be salvaged.

CYPRESS MAN IN FIGHT FOR CONTROL OF THE MISSISSIPPI

R. H. DOWNMAN, president of the National Lumber Manufacturers Association and one of the largest timber owners in Louisiana, has illustrated the effectiveness of a steady campaign of education concerning the merits of a commercial product. He, and others associated with him, had advertised cypress for years as the "wood eternal," and have made it stick. Cypress, formerly an unknown product of southern swamps, has come into wide use as a building material for construction. Downman is also an enthusiast on the subject of federal flood control, and will be before Congress early in December in a campaign for legislation action on a flood control bill. He advocates a giant spillway for New Orleans to help fight the floods, but in this project has started a lively fight with the cypress industry, which claims that the spillway would greatly damage the cypress business.

DUFFILL ESTATE TO YIELD \$121,973.67 INHERITANCE TAX

(Special to the Republican.)

LOS ANGELES, Oct. 10.—The heirs of Eugene A. Duffill will pay the State \$121,973.67 inheritance tax. Under the alternative clause of Mrs. Duffill's will, if the estate now valued at \$1,256,977.32 comes into the possession of Harry and Martha Duffill, the state will receive a total inheritance tax of \$139,989.80. John W. Carver, inheritance tax attorney in Southern California, announced today.

The bulk of the Duffill estate was bequeathed to Albert Duffill, a grandson 13 years old, provided he lives to the age of 21 years. Meanwhile the estate will be in the hands of a trustee. If Albert should pass away before he reaches his majority, the estate will be distributed to Albert's father, Harry Duffill, and Martha Duffill.

The filing of Mrs. Duffill's will developed the fact that she had cut off her son, Harry, with an allowance, and made his son her heir.

SAYS SUPPLIES FURNISHED FROM MID-ATLANTIC

AMSTERDAM, via London, Oct. 11.—The T. J. J. says it learns from a trustworthy German source that the U-boats operating in the Atlantic obtain their supplies from large commercial submarine supply vessels stationed at a fixed time and place in the Atlantic.

The news of this submarine warfare, the paper asserts, "will result in a compromise between the German chancellor and his opponents in the Reichstag."

DIGGS-CAMINETTI CASE CONTINUES TO BE POSTPONED

WASHINGTON, Oct. 10.—Oral argument of the Diggs-Caminetti white slave case was postponed today by the Supreme Court until December at the request of the department of justice. Argument had been set for this week. The defendants concerned in the department's request.

Day In War Area

French troops fighting south of the Somme have driven back German lines considerably over a front of about two and a half miles from Boves to the Chaulnes woods, capturing in operation the village of the north and west outskirts of Ablancourt and most of the Chaulnes wood. Little activity was shown in the British front.

In Transylvania, the Germans are closely pressing the retreating Rumanians. In the fighting around Kronstadt 1,775 Rumanians were made prisoners.

The Galician village of Herbutow has been stormed by the Germans, and in Volhynia the Rumanians have been driven out of advanced positions northwest of Lutsk.

Along the Struma river in Greek Macedonia, the forces of the Teutonic powers have evacuated Chavdar, Mah, Ormanli and Haznatar. Northwest of Beroe the British have taken from the Bulgarians the towns of Kalendra and Memondoe. Berlin says that along the Carpa river, where the Entente allies have been making progress, all attacks have been repulsed.

The usual artillery battles are in progress in the Austro-Italian theater.

Christiania advises say that two German submarines operating in the Arctic ocean have been sunk by a Russian torpedo boat while they were attacking a wireless station on the Murman coast.

JAPAN'S PREMIER DENIES HE HAS AGGRESSIVE POLICY

Not to Re-open Immigration or Other American Issues

NOT AFTER CHINA

Will Preserve British and Russian Alliances—Denies Reaction

(Copyright 1916 by the Associated Press.)

TOKYO, Oct. 10.—Fears of a section of the Japanese public, which have found an echo in the United States and China, that the coming into power of the new ministry may be tantamount to war were discussed frankly today by Premier Count Seiki Terauchi, in giving to the Associated Press the first statement he has made in regard to the foreign policy of the administration. The premier gave expression in a sentence to the spirit which he declared would animate his dealings with other nations. It was the assertion that Japan would not take any aggressive step toward the United States or any other country "so long as Japan's vital interests and dignity are not infringed."

"Any idea that I shall 'wave the sword' while I am prime minister of Japan is based on a false comprehension of my career and a complete misconception of the Japanese empire. Its past and its hopes and ideals for the future."

The dramatic summons to the premier of Field Marshal Terauchi, Japan's dominating military figure, has excited a discussion overshadowed by no single event in modern Japan history.

Usually Silent.

In view of the world-wide interest in the significance of his appointment and the misgivings it apparently has caused, the premier, who has long had the reputation of taciturnity, consented to break his silence and give to the world through the Associated Press a general idea of his purposes and policies. During the interview he conversed readily in French, and then in Japanese.

The field marshal wore the grey uniform of his rank. His right arm, which he held in the Saito rebellion of 1877, hung powerless by his side. His rugged face, stern in repose, relaxed with a smile as he said:

"Tell the American people that my earnest and constant endeavor shall be to promote the 'friendship' ties which have bound Japan and America for half a century."

"You people know my administrative record in Korea. Because I am a successful soldier, shall that prevent my being a prudent minister of state? Say it, repeat, that I come as a statesman who is seeking the lasting interests of my people, not as a militarist seeking glorification by the sword."

No New Policies.

The premier disclaimed responsibility for the interview in New York with Bureau Staffer, who was quoted as saying that the repeal of American laws regarded by the Japanese as discriminatory against them was a matter of "justice and necessity." He declared emphatically that as premier he would undertake no new steps in regard to the so-called American problems, including immigration. In this respect, he said, he would follow closely the policies of the outgoing cabinet.

"What will be Japan's policy toward China?" the correspondent asked.

"As the ministry was organized only yesterday, I have not discussed China with any of my associates," he replied.

However, speaking generally, Japan's ambition is to have China benefit like Japan, from the fruit of world civilization and world progress. The Japanese and Chinese people have sprung from the same stock. Our future destiny is a common destiny that is historically involved.

"Though he was unable to dwell on a detailed program, the premier outlined the attitude of 'America' in requests in China would be harmful in no wise by Japan, which had no intention of violating China's sovereignty or preventing interested nations from having equal opportunities.

Cannot Close Door.

"People talk of closing the door," he said. "That is a complete non-possibility."

"So long as Japan's vital interests and dignity are not infringed, Japan will take no aggressive step against any nation, especially America."

"Will the Japanese alliance with Russia be the basis of policy in the Orient?" he was asked.

"Japan, true to her obligations, naturally would be bound in her future policy by her alliances with Great Britain and Russia."

HOLLAND BITTER ABOUT SINKING OF DUTCH STEAMER

New Complications With Germany Are Likely

MILLION LOSS

Neutral Vessel With Neutral Cargo for Neutral Population

WASHINGTON, Oct. 10.—Sinking of the Dutch steamer Bloemerdijk Sunday by a German submarine off Nantucket shoals probably will result in renewed complications between Holland and Germany, in the opinion of international law experts here.

By state department officials, the Bloemerdijk case is held to be analogous to that of the American schooner William F. Frye, except in difference of destination of the two vessels.

The question of reparation which Germany has promised to pay the Frye owners for their vessel, still remains to be determined, and it is expected that a similar diplomatic course will be followed by Germany and Holland in adjusting the Bloemerdijk case.

Papers Indignant

AMSTERDAM, via London, Oct. 10.—The Dutch Press is highly indignant about the sinking of the Holland-America line steamer Bloemerdijk, which it is declared was absolutely illegal and contrary to maritime law.

"We ask with astonishment," says the Nieuws Van Den Dag, "what reason the submarine commander could have for torpedoing a neutral vessel with a neutral cargo for a neutral population. There was no possibility of a mistake for the commander of the submarine must have been aware of the character of the vessel and for that illegal act Germany must be made to pay full compensation."

The Handelsblad demands that the government send a strong protest to the German government.

The Telegram regards the raid as "a sop to the Von Tirpitz" and thinks that "probably the Germans are allowing their submarines to operate along the fringes of American territorial waters to test the extent of American patience."

By Way of England

ROTTERDAM, Oct. 10, via London, 3:35 p. m.—The Holland-America line has received only a brief report of the sinking of the Dutch steamer Bloemerdijk and the rescue of her crew by the American destroyer Benham. This report says the submarine commander "informed the captain of the Bloemerdijk that he would sink any ship bound by way of an English port."

The steamship company's directors shortly will discuss the new situation with the minister of foreign affairs, but meanwhile will not alter the sailing dates of the company's vessels.

The value of the Bloemerdijk was about \$1,000,000, half of which was insured against war risks. The grain cargo for the Holland government, however, was not so insured, as the government carries its own war risks.

HEN LAYS THIRTEEN EGGS IN COURSE OF STOLEN AUTO TRIP

(Special to the Republican.)

LOS ANGELES, Oct. 10.—Mr. and Mrs. R. E. Harrison, who arrived at Redondo Beach from the San Joaquin valley this morning in their auto brought along in the hood of the machine a white hen. The chicken had jumped in the machine prior to starting on the journey and was not discovered until the owners were miles on their trip.

The travelers spent thirteen days on the way, visiting with relatives en route and today remained in the machine all that time. When Redondo Beach was reached there were thirteen eggs in the nest.

With eggs at their present price the owners of the hen regard her as an asset for the high price of gasoline.

VILLA BAND ONLY SIXTY MILES FROM PERSHING'S FORCES

FIELD HEADQUARTERS AMERICAN EXPEDITION, Mexico, Oct. 10.—Villa's main band is moving northward along the line of the Mexican Northwestern Railway toward Mazatlan, according to reports received here last night at field headquarters. Mazatlan, less than sixty miles from El Valde, the southernmost camp of the expeditionary forces, is said to have been taken by Julio Acosta, one of Villa's leaders. At any rate Villa's followers are known to be in the place.

MILLION PLEDGED FOR VASSAR FUND

POUGHKEEPSIE, N. Y., Oct. 10.—Pledges have been received for the amount of the Vassar college million dollar endowment fund. The fund was raised by the students, alumni and friends, the effort being begun at the time of the centennial celebration of October, 1915, and being completed six months before the time set.

U. S. ADMINISTRATION RESENTS ATTEMPT OF ALLIES TO DICTATE

Reply to the Allies

WASHINGTON, Oct. 10.—The text of the American memorandum replying to that of the allied government regarding treatment of belligerent submarines in neutral ports is as follows:

"The government of the United States has received the identical memoranda of the governments of France, Great Britain, Russia and Japan, in which neutral governments are exhorted to take efficacious measures tending to prevent belligerent submarines, regardless of their use, to avail themselves of neutral waters, roadsteads and harbors."

"These governments point out the facility possessed by such craft to avoid supervision or surveillance or determination of their national character and their power to do injury that is inherent in their very nature, as well as the 'additional facilities' afforded by having at their disposal places where they can rest and replenish their supplies."

"Apparently on these grounds the allied governments hold that 'submarine vessels must be excluded from the benefit of the rules heretofore accepted under international law regarding the admission and sojourn of war and merchant vessels in neutral waters, roadsteads or harbors; and submarines of a belligerent that once enter neutral harbor must be held there and therefore the allied governments warn the neutral powers of the great danger to neutral submarines attempting the navigation of waters visited by submarines of the belligerents."

"In reply the government of the United States must express their surprise that there appears to be an endeavor of the allied powers to determine the rule of action governing what they regard as a 'novel situation' in respect to the use of submarines in time of war and to enforce acceptance of that rule, at least in part, by warning neutral powers of the great danger to their submarines in waters that may be visited by belligerent submarines."

"In the opinion of the government of the United States, the allied powers have not set forth any circumstances, nor is the government of the United States at present aware of any circumstances concerning the use of war or merchant submarines which would render the existing rules of international law applicable to them."

"In view of this fact and of the notice of warning of the allied powers announced in their memoranda under acknowledgment, it is incumbent upon the government of the United States to notify the governments of France, Great Britain, Russia and Japan that so far as the treatment of either war or merchant submarines in American waters is concerned, the government of the United States reserves its liberty of action in all respects and will treat such vessels as, in its opinion, becomes the action of a power which may be said to have taken the first steps toward establishing the principles of neutrality and which for over a century has maintained those principles in the traditional spirit and with the high sense of impartiality in which they were conceived."

"In order, however, that there should be no misunderstanding as to the attitude of the United States, the government of the United States announces to the allied powers that it holds it to be the duty of belligerent powers to distinguish between submarines of neutral and belligerent nationality and that responsibility for any conflict that may arise between belligerent warships and neutral submarines on account of neglect of a belligerent to so distinguish between these classes of submarines must rest entirely upon the negligent power."

Reply on Diver Issue Made Public

Wilson Expects British to Be Careful in Its War on Submarines

IS CONFERRING WITH LANSING

May Call on Germany to Avoid Patrol of American Coast—Nothing More Heard of U-53

Submarines of belligerent powers visiting American waters will be accorded the treatment which is their due as warships under international law. This has been made known to the entire allied powers by the State department at Washington in answer to an identical memorandum from Great Britain, France, Russia and Japan, which said that submarines of every character be prevented from availing themselves of the use of neutral waters and that such vessels entering neutral harbors be interned.

To a seemingly implied warning in the allied note that American submarines might be mistaken by allied warships for enemy submarines, the state department announces that responsibility for the failure of a warship to distinguish between submarines of neutral and belligerent nationality "must rest entirely upon the negligent power."

President Wilson and Secretary Lansing have discussed at length the views of a German submarine to waters adjacent to the coast of the United States and will continue their conference Wednesday.

The German submarine craft which played havoc with enemy and neutral steamers off Nantucket Sunday, has not been heard of since it was sent to the bottom Sunday night.

No Showing Made

WASHINGTON, Oct. 10.—The American memorandum on use of neutral waters by belligerent submarines, the text of which was made public by the state department tonight, declares the allies have failed to show why such vessels should be denied entrance to neutral ports and that "no circumstances have been set forth rendering the usual provisions of international law inapplicable to underwater craft. The United States reserves complete liberty of action in dealing with belligerent submarines."

No specific mention of the Deutschland is made in the memorandum, although the German communication is understood to have been prompted by the failure of the United States to consider that vessel as having any characteristics making her status different from that of the ordinary merchantman.

Surprise is expressed "that there appears to be an endeavor on the part of the allied powers to determine the rule of action, in respect to the use of submarines and at the suggestion that there is great danger in permitting neutral submarines to visit waters that may be visited by belligerent submarines." The memorandum declares that "responsibility for any conflict that may arise between belligerent warships and neutral submarines on account of neglect of a belligerent to so distinguish between these classes of submarines must rest entirely upon the negligent power."

NO TRACE FOUND OF MISSING CREW REPORT SUBMARINE ON GEORGIA COAST

Captain of Norwegian Steamer Insists He Saw Three Divers

Has U Boat Gone South to Lie in Wait for Oil Steamers?

SAVANNAH, Ga., Oct. 10.—The presence of a submarine of unknown nationality off Tybee bar off Savannah today was reported to local custom house officials and to the British consul here, it was learned tonight. Officials at both the customs house and consulate refused to say where the information came from, but each emphasized the statement that it was "entirely unofficial." No American submarine boats are believed to be in these waters.

Not An American

WASHINGTON, Oct. 10.—Navy department officials said tonight that there was no American submarine in the vicinity of Tybee bar.

No report of a foreign submarine off the Georgia coast had been picked up by the Arlington wireless station. It was said at the department. It was pointed out, however, that private radio stations along the entire Atlantic coast had been warned not to send any messages reporting the movements of belligerent war vessels, and that as a result the navy station might be much more likely than under ordinary conditions in picking up such a report.

Movements further south of the scene of operations in Germany's new submarine campaign would be in line with the speculation of many officials here who have suggested that the U-boat or boats which raided the trans-Atlantic lane off the New England coast Saturday night would turn in to the south, and possibly to the fleet of tankers carrying oil from the Tampico oil fields for the British fleet.

ELECTED TO FILL HILL'S POSITION

ST. PAUL, Minn., Oct. 10.—Frederick B. Weyerhaeuser, son of the late Frederick B. Weyerhaeuser, multi-millionaire lumberman, was elected a director of the Great Northern Railway company to fill the vacancy caused by the death of James J. Hill, at a meeting of the board of directors held today in the offices of Louis W. Hill, president of the railway company. The meeting today preceded the annual meeting of stockholders of the Great Northern railway company which is to be held Thursday.

Monday and none of them reported at that time having seen more than one submarine.

LANSING CONFERS WITH PRESIDENT

No Announcement Made of Official View of Raids

LONG BRANCH, N. J., Oct. 10.—President Wilson and Secretary of State Lansing discussed in detail at Shadow Lawn tonight German submarine attacks on merchantmen Sunday, off the New England coast. The conference will be continued tomorrow morning.

It was indicated by officials today that facts so far collected through governmental agencies, have disclosed no grounds for drastic action by the United States government because of the attacks themselves.

Administration officials took the position that the transferring of submarine warfare so close to America's shores was fraught with grave danger because of the possibility of mistakes being made by submarine commanders. Reports that strong sentiment existed in Germany for the resumption of submarine warfare on a broader scale, caused some alarm among officials.

The announcement of—Counselor of the State department in Washington today that the United States will refuse to accept the contention of the Entente allies that neutrals should deny the use of their waters to submarines.

FEDERAL BUSINESS--POLITICS

WORLD PROTECTION
IS ESSENTIAL TO
WORLD TRADEHughes Points Out Failure
to Look Out for
AmericansDemocratic Pretenses
Continue to Be Mo-
lasses to Catch Flies

BALTIMORE, Oct. 10.—Charles E. Hughes, speaking in the great armory here where Woodrow Wilson first was nominated for the presidency, assailed Mr. Wilson's policy toward the promotion of American trade abroad, and replied to published statements of Dr. Charles W. Eliot, president emeritus of Harvard, endorsing the President's policy.

"Dr. Eliot places the heart of the matter," Mr. Hughes said, "and he says that the record of the administration means this: 'No intervention by force of arms to protect on foreign soil American commercial and manufacturing adventures, who of their own free will, have invested their money rather than their lives in foreign parts under alien jurisdiction.'"

"Think of the import of that, you who represent the best genius of the world and are thinking of using it abroad," Mr. Hughes added. "Think of that, you who, it is suggested, are to be asked to finance the whole under-education of the world. Think of that, merchants, salesmen, tellers, clerks and dealers, who in 'serving the world' take your place remote from your friends and safeguards, in communities where revolutions are frequent and only respect for your flag and the power it symbolizes may stand between you and ruin or even death."

Hughes read the Democratic platform plank of 1912 concerning the protection of American rights abroad, and asked if it was "measures to catch flies." He declared that the protection it provided had been deliberately and deplorably refused. He quoted from a recent speech of the President outlining the administration's idea with "the development of American enterprise abroad."

"The development of American enterprise abroad," Mr. Hughes said, "was what encouragement to the development of American enterprise abroad was desired, something shockingly reprehensible."

"In consequence, I may say," the nominee added, "that in respect to interests abroad we have had only diplomacy without dollars, but dollars without sense."

"During the past three years and a half we would suppose the American people who went to foreign lands to advance American industry and commerce was presumably a bad fellow who had lost his rights. Protect him? Why, didn't he go abroad to make money? Didn't he take his American enterprise beyond borders? What a splendid proceeding."

"What a splendid proceeding," Mr. Hughes said, "that is the sort of encouragement Americans have had."

"We now hear fine words as to our duties to the world. We are told that we now are to serve the world, that we have the best goods in the world, that we have the best goods in the world, that we have the best goods in the world."

"But what avails such words when we do not protect American lives and American property abroad? The adequate protection of American citizens and their interests abroad, according to their right under international law, is the cornerstone of a policy to promote American enterprise throughout the world."

"The protection of American citizens and their interests abroad, according to their right under international law, is the cornerstone of a policy to promote American enterprise throughout the world."

It Takes an Acrobat to Say
His Good-Byes Like This

Cavalrymen of the District of Columbia National Guard entrained for the border this week with small anticipation of being shot by Mexicans, but sweethearts of the soldier boys took no chances. They were on hand long before the train pulled out and clung to their "steadies" as long as the soldier lads remained within reach. The last picture here shows the results of final physical training in camp for the last four months and should be able to measure up to at least any physical hardship which may be put up to him on the firing line.

BRITISH SHUT OUT
HEARST SERVICEAccused of Continued
Garbling of Messages
and Breach of Faith

LONDON, Oct. 10, 8:40 p. m.—The British official press bureau tonight issued the following:

"The following statement is placed at the disposal of the press for publication:

"In the House of Commons on June 27 last the secretary of state for the home department stated that attention had been drawn to an alleged telegram relating to the London battle which appeared in certain American newspapers as having been sent from London by the correspondent of the International News Service. No such message was included in any telegram sent from this country."

"The home secretary referred to the same occasion to previous cases in which messages which purported to be from the London correspondent of the International News Service bore no likeness to the cablegram actually dispatched."

"On the first occasion referred to, the manager of the International News Service in New York gave categorical assurance that such an incident would not happen again. On the second occasion, he made like promises, stating that orders had been given that extraneous statements should not be inserted in cable dispatches."

"On the third of September cablegrams were published in the United States purporting to have come from London by the International News Service giving various false statements about the air raid of the previous night. None of the statements in any cablegram dispatched by the London correspondent of the International News Service."

"In view of this continued garbling of messages and breach of faith on the part of the International News Service, the secretary of state has directed that no further use of the International News Service shall be permitted to use the official press bureau and that the agency shall be debarred from the use of all other facilities for the transmission of news until further notice."

"A self-respecting policy, worthy of the American name, maintaining American honor, assuring protection to the known rights of American citizens under international law for the protection of the security of a self-respecting peace. It means that regard will be paid to our just demands."

"Tonight's address was the second of the day. The first was delivered at Hagstrum, Md., and was devoted largely to a discussion of the American position in the world and what the nominee termed the extravagance of the present administration."

"Mr. Hughes left at 11:30 tonight for points in West Virginia."

WIVES OF DEMOCRATS
SHOOTING FOR HUGHESMany Women of Note
Who Think Their Hus-
bands Are Wrong

NEW YORK, Oct. 10.—The most interesting group of women in the Women's Party is composed of wives of the Democratic leaders of the nation, women who put their own convictions about the political independence of women before their husbands' party loyalty.

Mrs. Robert Adamson, wife of the Democratic fire commissioner of New York, one of Wilson's closest friends, is working with the Women's Party for the defeat of Wilson and his party. Her husband campaigned with Wilson in the last election, and is ardently supporting him this time.

Mrs. Fred Howe, wife of the commissioner of immigration of New York, who is a Republican, is likewise working with the Women's Party.

Mrs. Meredith Nicholson, wife of the novelist recently offered a diplomatic post by President Wilson; Mrs. George Middleton (Follett), the daughter of Senator La Follette of Wisconsin, whose husband, George Middleton, is supporting the Democratic ticket; Mrs. John B. Kendrick, wife of the present Democratic governor of Wyoming, whose husband is running on the Democratic ticket for the United States senate; Mrs. J. A. H. Hopkins, whose husband is the Progressive leader of New Jersey, who has gone over to Wilson; Mrs. Richard Lloyd Jones, wife of one of Wilson's Wisconsin supporters; Mrs. Gilmour (Turner), of Washington, D. C., whose husband took a swing around the country in the interests of the Wilson campaign; these, and hundreds of others, are opposing their husbands' political preferences and are asking the women of the Western states to use their vote to get suffrage for all American women, and they believe the shortest cut is via the defeat of the Democratic party and its leader.

U. S. Supreme Court

WASHINGTON, Oct. 10.—Hearing today of the federal government's antitrust suit against the Reading Railroad interests for alleged monopoly of anthracite coal production and transportation launched actual consideration by the Supreme Court of more than 700 cases in its new term docket.

The first opinions on causes argued at the last term, are set for next Monday.

The Reading case headed the list of specially important litigation advanced for more prompt disposition. The alleged conspiracy is said to have assets of \$500,000,000.

Sure of Washington

CHICAGO, Oct. 10.—D. V. Northland of North Platte, Neb., reported to Washington that Washington is safe for Hughes and Fairbanks.

"Stories to the effect that the Progressives of our state will support President Wilson are absolutely unfounded," said Northland.

Fall Attacks Wilson

CHICAGO, Oct. 10.—Senator A. E. Fall of New Mexico, addressing a Republican meeting here tonight, criticized the administration's Mexican policy and asserted that the big investors in Mexico had suffered little compared with the losses of small investors. He asserted that 235 Americans have been murdered in Mexico and that the present administration has allowed these and other crimes to go unpunished.

Stops Deportations

WASHINGTON, Oct. 10.—Deportation of aliens from any of the Atlantic and Gulf immigration stations was suspended today by Assistant Secretary Post of the department of labor, because of the submarine danger.

It was explained that the immigration authorities did not care to take the moral responsibility of sending deported aliens into possible danger.

Coming to Coast

CHICAGO, Oct. 10.—Bainbridge Colby of New York, former Progressive party leader, after speaking at Grand Rapids, Mich., tonight, will begin his trip to the Pacific coast campaign in behalf of Wilson and Marshall.

He will speak at Los Angeles, Cal., October 17; Oakland, Cal., October 19; Portland, Ore., October 21; Seattle, Wash., October 23.

At either Mr. Colby will be joined by William H. Bryan, whose two will speak from the same platform in the hall where Mr. Bryan was once nominated for president.

Callexico Patrol

SAN FRANCISCO, Oct. 10.—Callexico Cal was today division headquarters of the Southern California border district, one of the smallest districts along the Mexican border, as the result of orders issued here by Major General J. Franklin Bell, commander of the trip on the Pacific coast campaign.

The new patrol district stretches approximately twenty-five miles along the California-Lower California border and has been placed under command of Colonel Wilbur E. White of the Fifth United States cavalry.

U. S. COMMISSIONERS
HINDERED BY U-BOATDeparture From France
Delayed by Diver Activ-
ities Off U. S. Coast

PARIS, Oct. 10.—The plans of the American industrial commission to France for returning home were thrown into disorder by the news which reached them today at Chalons of the German submarine campaign in American waters. The commission learned that the steamer Lafayette had not sailed and that it was quite uncertain when the Rochambeau, on which the commissioners intended to depart, will leave. It is likely that they will return by way of England, taking an American liner.

The commissioners recently made a commission had large opportunities from Belfort to Rheims by automobile. They heard cannonading day and night, at Rheims. They lunched with the officers' club yesterday. The trip on the French front proceeded to approach the front and to observe the organization behind the lines. They brought back with them many souvenirs.

CROP PROSPECTS
SMALLER STILLFederal Officials - Very
Pessimistic About
Everything But Corn

WASHINGTON, Oct. 9.—Further decrease in production prospects of the country's principal farm crops, except wheat, rice and kaffirs, was indicated today in the department of agriculture's monthly report.

A preliminary estimate places the wheat crop at 407,547,000 bushels, a drop of 5,500,000 bushels from the amount forecast from September conditions and 461,000,000 bushels under last year's record breaking crop.

Corn production prospects increased 1,000,000 bushels as a result of favorable weather conditions during September and a total crop of 2,717,532,000 bushels is forecast, that is more than 200,000,000 less than harvested last year.

The white potato crop is the smallest since 1911. Today's forecast of production is 300,563,000 bushels, a decrease of 17,825,000 bushels from the estimate made a month ago and 59,000,000 bushels below last year's crop.

Tobacco prospects decreased 20,455,000 pounds since last month's report, but the indicated production this year, 1,202,072,000 pounds, will be a record.

Decreases in production from last month's indications include: Oats, 1,660,000 bushels; barley, 9,500,000 bushels; buckwheat, 1,846,000 bushels; sweet potatoes, 1,535,000 bushels; apples, 35,000 bushels; apples, 1,510,000 bushels; and sugar beets, 145,000 tons.

STOP RE-OPENING
AMADOR MINESCrowd of 250. Strikers
Dare Sheriff to
Shoot Them

JACKSON, Cal., Oct. 10.—"Go ahead and shoot, we do not care for our lives," yelled a crowd of 250 striking miners this morning as Sheriff Lucot and fifteen deputies with drawn revolvers tried to take twelve men who wished to go to work in the South Butte mine near Sutter Creek. While there was no violence, the strikers were able to keep the mine from opening. The strikers had enough men practically to block every trail to the South Butte mine.

Superintendent Henry Malloch of the South Butte mine announced a few days ago his intention of opening the mine this morning. At 5 o'clock the strikers began assembling on Sutter hill on the road between Jackson and Sutter Creek.

For a short time it looked as if blood might be shed. Sheriff Lucot and his deputies had no trouble in passing through the crowd of strikers, but when they attempted to take men who wished to work through the mine, the men simply jostled the miners out of the way and thus kept them from going to the mine. The men did make strenuous efforts to reach the mine.

The sheriff, outnumbered, sent for District Attorney William G. Snyder, who addressed the strikers, telling them they were breaking the law and urging them to disperse. His remarks, which were translated by Sylvan, were greeted with yells and howls.

Secretary James Giambruno of the miners' union, who has been the leader of the strike, was laughed at when he advised the men not to break the law. He seemed to have lost control of the men.

After the affair, the strikers formed in parade and marched through the streets of Sutter Creek in an orderly manner, headed by a man carrying the American flag. After the parade, all returned to their homes in Jackson, Sutter Creek and Amador City.

This afternoon Superintendent Malloch served notice in Sheriff Lucot, District Attorney Snyder, and the local officers of supervisors that his men were interfered in their rights as citizens and demanded protection for them.

Chairman John Strohm, of the board of supervisors, has been urged to return to Jackson at once. Malloch, the officers and the four supervisors had a long conference this afternoon, of which the results have not been given out.

The superintendent of the South Butte desires he will make another effort to open the mine tomorrow.

QUARANTINE 200
IN DORMITORY

BOSTON, Oct. 10.—Two hundred young women living in the north hall, a dormitory of Simmons college, were quarantined today because of the development of a case of infantile paralysis. Officials of the college, which has 1600 students, said that it probably would not be closed.

EXPLOSION INJURES FIVE

CHICAGO, Oct. 10.—Five men in a tunnel half a mile out from the shores of Lake Michigan and 150 feet beneath the water, were injured in an explosion today when a dynamite cartridge was accidentally exploded by a blow from a pick. The tunnel, which is to be built three miles into the lake for a pure water supply, was not greatly damaged.

DENIES HE HAS
AGGRESSIVE POLICY

(Continued from Page 1)

Britain and Russia," he responded. "But that does not imply disregard of fostering amity with others, notably America, whose friendship and co-operation we have every reason to cherish. The empire faces a situation which demands strenuous and unified exertions to secure reforms of the national life, to nourish the strength of her resources, and to place the nation on an unshakable foundation of secure and lasting peace in the Far East. Our supreme efforts abroad should be to maintain faith with foreign powers and to be strictly fair and upright. Japan's progress as a world power, which is inevitable, must be marked with prudence and caution, especially in the present world crisis."

The premier said he saw no likelihood of more active participation in the war by Japan. He ridiculed suspicions that Japan had designs in regard to the Philippines, saying that if any power were to be there he was glad it should be America.

Concerning the contention that the cabinet was reactionary and that its creation was opposed to the rights of the people, the Premier said with military brevity:

"My appointment is in exact accordance with the provisions of the Japanese constitution."

"Not revolutionary, not aggressive, not militaristic, but constructive—that is my program," declared the premier in conclusion.

BUSINESS FORM OF CITY RULE DISCUSSED AT LEAGUE OPENING

Convention of Municipalities Delegates Formally
Called to Order in Visalia's New \$5,000 Auditorium; Building Dedication Feature

VISALIA, Oct. 10. More than 400 delegates representing 62 cities, were called to order today by Pres. Allen H. Wright of San Diego, at the opening session of the League of California Municipalities. The delegates were welcomed to Visalia by Mayor Ashin and Mayor Alvin E. Snow of Fresno, responded.

The chief interest in today's session centered in the discussion of the city manager form of government led by Prof. Thomas E. Reed, city manager of San Jose, who declared in favor of the system and declared that by its application in San Jose, corruption was minimized.

In speaking on the relationship of the business man to city government, Lorn A. Handley, president of the board of Los Angeles public works, declared that the municipal ownership of public utilities, spelled the surest way to eliminate corruption in city government.

John S. Chambers, state controller, delivered the opening address in which he urged the co-operation of cities with the state for better general financing.

Tonight the delegates were entertained at a reception and ball which was the formal opening of Visalia's new auditorium.

Tomorrow the city planning commission of California will begin its deliberations.

The dedicatory exercises this evening were short but impressive. After a short musical program, two addresses were delivered, the first of these was that of Fred C. Wheeler, judge of the Superior court of Los Angeles county, whom Mayor H. Ashin, presiding at the exercises, called upon to represent the league of California municipalities.

Mr. Wheeler, speaking for Hon. Frank C. Mott, former mayor of Oakland, who could not be present on behalf of the league, officially dedicated the new auditorium.

Mr. Mayne A. R. Orr of Visalia, responded for the city, presenting to the convention officials the golden key to the city's hospitality and bidding them a hearty welcome.

Following the dedicatory exercises which lasted slightly less than an hour, delegates and their wives were tendered a reception by Visalia and the auditorium was cleared for dancing, which lasted until midnight.

All exhibits were thrown open and attracted wide attention, especially the pure food show. Tomorrow committees will be named and department meetings held.

Three Hundred Delegates Present
Visalia, (Continued) Allen H. Wright of San Diego, California, sounded the gavel calling to order the 19th annual convention of the League of California Municipalities in the new auditorium in Visalia yesterday morning.

A check there had registered almost 400 delegates and their wives representing eighty odd cities in California, while still others are arriving on every train and belief is that the original

200 expected will have registered before this evening. Included in the list of delegates are those representing the health department which with its delegates is meeting separately from the league sessions while today the city planning commission of California will assemble and the city attorney, department of engineers, commission and street superintendents, and department of clerk, auditor and assessors will begin their affiliated through separate conferences in various parts of the auditorium and city hall.

Though it has taxed Visalia to properly house the guests, in due course delegate has been given accommodation and the failure of the promised hotel has not been felt. Delegates are expressing pleasure that the new one promises has actually been started at any rate.

In his opening address, President Wright voiced the league's appreciation for the courteous reception tendered and expressed the belief that the sessions would prove very interesting and instructive.

Mayor H. Ashin of Visalia welcomed the guests to this city, saying that Visalia had been seeking the convention for years and now felt that the city was ready to receive them.

He said that the city had been seeking the convention for years and now felt that the city was ready to receive them.

He said that the city had been seeking the convention for years and now felt that the city was ready to receive them.

SCOTLAND TOPIC OF DR. RAYMOND

Extension Lecturer Tells
of Ancient Lore and
Present Day Progress

Scotland in all its phases and stages of development from ancient legend to present-day life was discussed last night by Dr. Jerome H. Raymond, lecturer in political science at the University of California, in the second lecture of this year's university extension course. That Scotland was a curious intermingling of the old and the new was the first thing brought out by the speaker, who declared that Scotland was a land of contrasts, a land of extremes, while its modern cities were the epitome of twentieth-century progress.

To physical features of Scotland were dwelt upon at considerable length, and a number of striking scenes of the future, as they are being developed, were shown upon the screen. Particular attention was paid to the border territory, and the association of this district with the three greatest literary figures of Scotland, Scott, Burns and Wordsworth, was noted.

The three leading cities of Scotland, Glasgow, Edinburgh and Aberdeen, occupied the attention of the lecturer for the remainder of the evening. Dr. Raymond declared that Glasgow was the pioneer of municipal reform in Great Britain, and pointed out that Glasgow city and operates its own water supply (which it first took over in 1855), gas supply, electric light and power, street cars, public markets, farms, municipal lectures and concerts, bath houses, and lodging houses. The general ownership of public utilities in both Edinburgh and Aberdeen was also explained by the speaker. Colored lantern slides of scenes in these cities gave the audience a clearer conception of the modern life in Scotland.

A large audience turned out to hear Dr. Raymond last evening, among whom were a large number of Scotsmen. "Denmark: A Pioneer in Co-operation," is the topic for next week, and A. M. Drew, president of the Extension Club, under whose auspices the course is being given, stated that the Danes of this locality will make an effort to surpass last night's attendance of Scotsmen, when their country is the topic of the evening. The remaining four lectures may be heard for 75 cents.

best results. He asserted that times are changing and the city government is changing with it and urged that business men co-operate in the better handling of civic affairs. He declared that the city manager form of government was a city trustee, and that the best interest of the city lay in the establishment of a municipal bank and he believed business men should accept all things be placed on boards of trustees and their experience utilized in the management of the city.

German Cities the Best
That the German cities are the best governed because of this very condition, Mr. Handley asserted. He declared that the banker, the miller, and in fact all business men of German cities unite to help the better government of the cities. "America needs just this sort of co-operation," he declared, "and must have it to make the best of municipal government."

"Until we have trained brain experts to take the executive leadership as city trustees," he declared in conclusion, "I feel certain that the best interests of the cities depend upon business co-operation."

The next hour was spent in hearing reports of city managers and many responded all seemingly indicating that progress was being made in their respective cities with prospects of still greater progress.

Compensation Discussed
Late in the afternoon "The Administration of the Compensation Act" was discussed by U. W. Fellows, manager of the state compensation fund. It was another plea for co-operation. Mr. Fellows stated his belief that justice was being done and would continue to be done but that the best interests of everyone depended upon the cooperation of the state and the city in relation to the compensation act on the part of those city officials to whom this is left.

Food Show Opens
The official Pure Food show was opened following the discussion, this being the official pure food show held in conjunction with the league conventions. A dozen exhibitors have their wares very neatly and attractively displayed in a wing of the auditorium, while other exhibits surround the main auditorium, where the league sessions are being held.

Health Officers Meet
While the league delegates were in convention in the auditorium, delegates to the department of public health were meeting in the second day of their convention in the morning. They had many and here many interesting and instructive papers were read and general discussions enjoyed. F. W. Anderson, secretary of the California State Dairy Bureau, discussed "What the State Dairy Bureau Expects in 1917." The New Milk Law, Mr. Anderson declared in the main, that each county would be asked to adopt its own ordinance covering the state law effective October first and to cooperate to the best interests of everyone.

William C. Hessler, health officer of San Francisco, told of the improved conditions prevalent in San Francisco under rigid inspection and stated his belief that no dairymen was now dissatisfied because of the inspections, but welcomed them. Dr. McJannet Brown of San Francisco discussed the new milk law with respect to San Francisco.

In the afternoon the health officers discussed technical subjects, including anterior poliomyelitis, diphtheria and smallpox, with general discussions after each subject had been taken up by an expert.

ST. LOUIS, Oct. 9.—Captain John Perry, pilot of the Million Million Population Club of St. Louis, which departed from Muskogee, Okla., last Friday, arrived in St. Louis tonight.

PHILADELPHIA, Oct. 9.—Walter F. Walden, 17 years old, a freshman at the University of Pennsylvania, died in a hospital here today from football injuries.

Hokus—Does your wife ever have any spasms or convulsions?

Hokus—Well, she's always talking about how much easier we could save if we only had an automobile. From the New York Times.

EPISCOPAL CHURCH CONVENTION TO OPEN TODAY

Two Thousand Clergy and
Laity Gather at
St. Louis

Color and Divorce Questions
Among Problems
to Be Considered

ST. LOUIS, Oct. 10. Approximately 2,000 Protestant Episcopal bishops, clergymen and laymen, representing about 1,000,000 adherents in the United States and its possessions, were gathered in St. Louis for the opening tomorrow of the forty-fourth triennial convention of the church, the supreme legislative body of the Anglican church in the United States.

With them were about as many women, here to attend the sessions of the Woman's Auxiliary, which also begins tomorrow.

Committees appointed at the general convention in New York in 1914, held an executive session today, preparatory to submitting their reports to the convention. These reports cover almost every phase of the nation's religious, industrial and economic problems.

An elaborate program of the history of the church will precede the opening service tomorrow. The Right Rev. Daniel S. Tuttle, bishop of Missouri and presiding bishop of the church by virtue of seniority, will present the opening sermon.

Behind Closed Doors
The freedom of both houses, the bishops, comprising all of the diocesan and missionary bishops of the church, will be held behind closed doors, but the meetings of the deputies, comprising lay and clerical delegates, will be open.

Every proposition affecting the constitution, law, and ritual of the church must be approved by both houses to become operative. Prayer book and constitutional changes must be approved by the deputies, and by a two-thirds majority of the bishops.

One important constitutional change will come before the general convention, but if approved it cannot become effective unless it also is ratified by the general convention of 1918. The proposed amendment authorizes the creation of dioceses of negro churches and removes the negro parishes from the supervision of the present diocesan bishops. This proposal first was suggested by the Southwestern Province, comprising the dioceses in Missouri, Arkansas, Kansas, Oklahoma, Texas and New Mexico. If the amendment is adopted, negro bishops will be chosen to preside over negro dioceses. The constitution at present permits the election of negro bishops in the various dioceses, but none such has been chosen.

Question of Divorce
One paramount question in canon law will come before the general convention—that of divorce. The canon at present permits a dissolution of the Episcopal marriage only in the case of the innocent party to a divorce granted on statutory grounds, providing the case first has been submitted to and the marriage authorized by the bishop of the diocese.

The proposed canon, which will become effective if it is approved by the general convention this year, prohibits a clergyman from performing the marriage ceremony for any person, regardless of the ground on which the divorce was obtained.

Many changes in the prayer book will be considered, but they cannot become effective unless they are approved by both the 1916 and 1919 general conventions. Among the suggested changes are the shortening of the Ten Commandments, as read in the communion service; the elimination of the word "sacred" and "endow with worldly goods" in the marriage ceremony; and the elimination of specific prayers for the Jews and Turks; the prayer book at present contains a prayer for Jews and Turks in connection with the service, and it is suggested that it be dropped.

It is a disappointment towards the Jewish race to class them with infidels, and inaccurate to use the word "Turks," when Mohammedans clearly is meant, said its subjects that probably will come before the convention will be the designation of the presiding bishop by election, instead of by seniority as at present and the direct control of the board of missions by the general convention.

It is decided that after the death of Bishop Daniel Sylvester Tuttle of Missouri, now presiding bishop, the presiding bishop shall be designated by election, an attempt will be made to have the presiding bishop become by virtue of his office, president of the Board of Missions, president of the board of social service, and president of the Board of Education. It is urged that under such an arrangement, the church would have a centralized administration for its aggressive work and that the budgets of the various departments would be harmonized. Now, the board of missions chooses its own president, and the Board of Education and the Board of Social Service, their executives, known as superintendents.

Proceedings of Bishops
The opening of the general convention will be at the cathedral service at Christ Church Cathedral at 10:30 tomorrow morning, but the formal opening of the convention will take place at Moulton Temple. This opening will be presided over by the dean of the cathedral, the Rev. Dr. J. H. Anderson, who will deliver the opening prayer, which will consist of the usual morning prayer ritual, with music furnished by a massed choir of the St. Louis churches under the direction of Charles Galloway, who will be under the general direction of Bishop Tuttle. It will precede the sermon at this service, and in it, it is understood, will review his fifty years in the episcopacy.

On Thursday morning October 12 will be held the "united offering service" of the Woman's Auxiliary of the Board of Missions. The service will be conducted by Bishop Tuttle, and the sermon will be preached by Bishop Arthur S. Lloyd of New York, president of the Board of Missions. At this service, will be turned over to the Board of Missions the offering money for the year's fund in the parish churches of the country during the last three years.

In connection with the meeting of the general convention will be held the national meeting of the Daughters of the King, a young women's society, and the national assembly of the Women's Guild, which has local branches in practically every parish in this country.

Two fraternal delegates from the Church of England will probably address the gathering. These representatives are Sir Ray H. Fowler, Viscount Valentigney, Bishop of Worcester, and a member of the British House of Lords, and Bishop Montgomery, who is secretary of the Society for the Propagation of the Gospel in Foreign Parts, the great missionary society of the church of England.

Two prelates from the Anglican church in Canada also will attend the convention as fraternal delegates—the archbishop of Montreal and the bishop of Huron.

During the convention the House of Bishops will elect two missionary bishops—one for South Dakota and one for Western Nebraska.

On the night of Oct. 18, a program illustrating the history of the church

Phillips' Meeting
Stopped by Showers
Big Gathering at Fowler
Is Called Off When
Downpour Begins

Because of inclement weather, W. W. Phillips, Republican congressional candidate in the seventh district, last night cancelled his appearance in Fowler, holding a meeting had been planned there for the nominees, and a large following of his friends had arranged to accompany Phillips by motor from the headquarters here of the Republican County Central Committee to the Fowler Hotel, but continued showers made it inadvisable to hold off the meeting until a more favorable time.

Phillips had planned to campaign this week among the towns of his home county, and unless unforeseen conditions prevent it, he will carry out his regular plans the remainder of the week. He will hold meetings at Kerning to night, Sanger Thursday night and Clovis Friday night.

Both Men Will Get
Chance at Congress
Osborne and Benedict
Agree on Division of
Candidacies

(Special to the Republican)
LOS ANGELES, Oct. 10. (Republican) Leaders in Los Angeles county today declared the peace pact proposed by the congressional campaign in the tenth district had been agreed to by both Capt. H. Z. Osborne, the regular Republican nominee, and H. Stanley Benedict, the Progressive Republican candidate.

Osborne is in support of Benedict for the unexpected term in Congress, which lasts until March 3, and Benedict is not so opposed to Osborne for the regular election but the two-year term which commences March 4.

The Los Angeles county central committee of the Republican party and the tenth district Republican campaign committee both urged the candidates to agree to the proposals and it was said that both men had approved the plan.

DIXON'S
GRAPHITE
Automobile
LUBRICANTS
prevent all metal-to-metal contact. The selected flake motor graphite, used only in Dixon's Graphite Lubricants, can't ball-up or pack. The minute flakes form over the bearing surfaces a velvety, oily veneer.

The Dixon Lubricating Chart is sent free upon request.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

HUNDREDS WILL TESTIFY RIGHT HERE IN CALIFORNIA

San Francisco, Cal.—Some time ago I was in a nervous, run-down condition—a complete breakdown. I read an advertisement of Dr. Pierce's Golden Medical Discovery in a San Francisco paper. I commenced using this remedy and it was but a short time until my appetite returned, my nerves were strengthened and my general health completely restored. I certainly recommend this remedy.

"We have had one of Dr. Pierce's Medical books in our home for a great many years."—Mrs. A. W. Cook, 43 Lucky Lane.

SUCCESS OF A NEW REMEDY FOR
RACIACIE, RHEUMATISM, KIDNEYS.

Folks here-in town and in adjoining counties are delighted with the results they have obtained by using "AN-URIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL, and SINGULAR INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Doctor Pierce's An-uric Tablets.

To prove that this is a certain uric acid solvent and cures rheumatism, kidney and bladder diseases and rheumatism. If you've never used the "An-uric," cut this out and send to cents to Doctor Pierce for a large sample package. This will prove to you that "An-uric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect lithia and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "An-uric."

VALLEY TO HEAR
JOHNSON AGAIN

San Joaquin to Be Toured
Next Week by Governor;
Speak Twice in Co.

Another whirlwind sweep through
the San Joaquin Valley has been
planned for Governor Hiram Johnson
by his campaign manager. Though the
governor has already spoken in Fresno
where a crowd of several thousand
crushed into the big auditorium to
listen to his smashing address, he has
yielded to the many requests for fur-
ther appearances in the valley and
commencing next Monday night, Oct.
16, at Turlock, will speak at practi-
cally all the important points in this
section.
Two of the governor's talks will be
made in Fresno county. He will speak
at the Grand Opera House in Selma
Tuesday night, Oct. 17, and in the
Liberty theater at Coalinga on Thurs-
day night, Oct. 19. Word of his coming
was sent to the local committee at
these points and an enthusiastic re-
ception will be accorded the senator.
Madera is also to be given an oppor-
tunity to hear Governor Johnson. He
will speak in the opera house there on
Wednesday morning, Oct. 17 at 11 o'clock.
Plans are being laid there now for
a large gathering and a number of
vice presidents will be appointed to
sit on the platform with the speaker.
On Wednesday, Oct. 18, Governor
Johnson will appear at the Women's
Clubhouse at 2:30 and that night he
will be motored to Hanford to attend
a reception there.
Lindsay and Porterville will claim
the governor on Friday, Oct. 20, the
former during the afternoon and the
latter at night. The following day,
Saturday, will be spent at Taft and
Bakersfield.
Since starting his campaign, the
governor has visited practically every
business center, big and little, within
the state. He has recently completed
a tour of the mountain towns in Placer
and El Dorado counties only to find
on returning that there that the citi-
zens of the valley here are desirous
of his appearance once again, and
without delay the governor made ar-
rangements to satisfy them.

IN THE LODGE ROOM

Fresno Parlor No. D. G. W.
Fresno Parlor No. 147 N. D. G. W. are
invited to the home of Sister Wolfe to-
morrow. The regular social club meet-
ings are usually held on the 15th of each
month, but the ladies here put forward this
extra measure to accommodate several members.
Friendship Rebekah Lodge No. 211 will
meet in Odd Fellows hall this evening at
8 o'clock. The committee on the Hun-
dredth Anniversary will begin tomorrow
night, and the same will be held in the
lodge after a meeting in good condition. The
lodge members were named as a com-
mittee to compile camp by-laws in con-
venient form for ready reference at the
lodge meetings. The meeting last night
began at 7:30 o'clock, the opening hour
for all meetings during the fall and win-
ter months.

FATHER CHARGES
CHILD AS UNRULY

A petition was filed yesterday in
the superior court by Probation Officer
J. A. Anderson, asking that the child
of his daughter Ethelene Pike, 16, be ad-
judged a ward of the juvenile court.
Pike says that his daughter refuses to
obey him and that he is unable to
control her when he is away from
home. Hearing on the case will take
place next Monday before Judge H. Z.
Austin.

PREDICTS 12-DAY
STORM WILL COME
TO AN END TODAY

The stormy weather that has pre-
vailed for the past twelve days will
probably come to an end today, the
weather men believe. Although show-
ers during the night were predicted as
probable yesterday afternoon at 5 p.
m. the indications were that mostly
clear skies would be the prevailing
condition today.

Somewhat unsettled, but mostly
clear weather with light variable winds
mostly from the northwest is the official
prediction for today.

Rain during the twenty-four hours
ending at 5 p. m. yesterday was re-
corded at this valley and the coast sec-
tions from San Francisco to Los An-
geles. Los Angeles received .40 inches,
while San Diego had no rainfall. To
the north the rain area ended between
Stockton and Sacramento. Stockton re-
ceived about a half inch precipitation
and Sacramento none.

The barometric center of the dis-
turbance has moved eastward to Utah
and the barometer has risen slowly
along the coast. Overcast and uncer-
tain weather prevailed throughout the
state at 5 p. m. yesterday, and show-
ers during the night were probable. Al-
though somewhat unsettled, it is be-
lieved that mostly clear sky will pre-
vail today.

The storm period which is ending
today is said by Forecaster W. L.
Bennett to be the longest for this time
of year since 1904, when a six-days
storm was followed shortly by a two-
inch precipitation in one day. The ex-
traordinary feature of this last period
is declared to be not the amount of
rainfall, which Bennett believes would
not in itself have caused material dam-
age, but the fact that for twelve days
the weather has been persistently
overcast and unsettled. The total pre-
cipitation for the twelve-day period
was 1.40 inches.

The fact that clouds were coming
from the west last evening was re-
garded as a favorable omen for clearer
weather today.

TO SPEAK HERE FOR
DRYS THURSDAY EVE.

Ex-Gov. Hodges of
Kansas to Refute Claims
of Wet Leaders

George H. Hodges, ex-governor of
Kansas, will speak in the municipal
auditorium next Thursday evening in
the interests of the national Prohibi-
tion party. His chief subject will be
the great good which has been derived
by the state of Kansas out of the
successful dry campaign there. He
will refute the statements of the pro-
liquor element that prohibition has
injured Kansas, according to the an-
nouncement made at local headquar-
ters of the Drys yesterday.
During the afternoon tomorrow a
preliminary rally will be held at the
hall of the First Methodist Episcopal
church by members of the flying
squadron of the California Dry Federa-
tion. Besides an interesting debate
between the members of the squad-
ron who will take opposing sides on
the liquor question, visitors will re-
ceive instructions in voting. A model
booth will be established for the after-
noon and all the details of the duties
of election officers thoroughly ex-
plained.

Next Saturday evening, J. Scott Wil-
son, formerly mayor of Berkeley, Cal.,
will speak here in the Auditorium.
"California Dry" will be the subject of
Wilson's speech. Invitations to attend
this meeting have been sent to all dele-
gates to the Labor Council here.

CARD OF THANKS

We wish to thank our many friends
for their kindness and sympathy, also
the beautiful flowers sent during the
sickness and death of our darling loved
one.

MAP OF THE PROPOSED SELF-GOVERNING ARMENIA

Leaders of the Armenian race both in the old world and the new hope that victory for the allies in the great war will result in the creation of an autonomous nation out of the remnants of their unfortunate people in Asia. They do not aspire to anything more than self-rule. The map herewith shown has the outlines of the proposed Armenia marked with black crosses. It extends from the Caucasus boundary of Russia and the western frontier of Persia as far west as the Armenian rural population extends into central Asia Minor, or Asia Minor, and southward to the Mesopotamian Valley and Syria. It demands no Black Sea frontage, but allows the Armenian people access to water transportation for a short strip on the northeast coast of the Mediterranean. This last territory includes the town of Adana, the scene of terrible Turkish atrocities, and also Tarsus, famous in history as the birthplace of the Apostle Paul.

Autonomous Armenia

Our friend Mr. Arthur G. Symonds, of London, England, inspired by the New Armenia leader of July 15, entitled "Autonomy for Armenia," dwells upon the same topic in the current number of the review *Ararat*. The veteran journalist, who has always championed the cause of Armenia, says in conclusion: "Armenia has been a pawn moved on the political chessboard of European politics to suit the supposed interests of those who were playing the European game. Though no part of Europe, she was a part of Turkey, the maintenance of whose integrity as a country and of her independence as a sovereign power was held to be necessary for the support of that hideous chimera, the balance of power in Europe. Thank God! that cannot be put forward for consideration when the next settlement has to be made. Whatever be her destiny, it is unthinkable that Armenia should ever again be

treated as part of the Turkish Empire. I will not waste time in discussing impossibilities. But when taken out of Turkey, is Armenia to be incorporated in some other Empire? If so, which? One, and one only, has ever been suggested, and that is Russia. Would that be for the good of Armenia? That it would be to the benefit of Russia to get the rich lands and the industries and versatile people of Armenia incorporated into its Empire may be admitted. That it would be better for the Armenians than Turkish rule, and would offer them a prospect of comparative security and peace and prosperity such as they have not enjoyed for centuries may also be admitted. In spite of the sinister statement attributed to Lobanoff—we want Armenia without the Armenians. That it may possibly be only forestalling what may be inevitable in the future may also be admitted. But what about the wishes and aspirations of the Armenian people? Are they not to be taken into consideration and consulted when their destiny and that of their beloved country is going to be settled for generations to come? Of course, if they wish it, there is no more to be said. But until they have had a chance of declaring their wishes, no final decision ought to be made. "It may be permitted to an old friend and champion of the cause of Armenia to express his hope that both the desire of the Armenians and the decision arrived at by the Powers after the war will tend towards economy. That the Armenians are fit for and capable of self-government cannot be questioned by those who know their characteristics and what they have accomplished by other lands than their own—the soldiers,

the statesmen, the financiers, the merchants and traders they have produced. "It may, doubtless, be necessary for them to be for a time under a state of tutelage, and they will need assistance to protect them from internal disorders as well as outside aggression and undue interference. This can be granted to them under a guarantee of the Great Powers, all of whom must be bound to respect and guard the independence of Armenia. But the guarantee should not exclude their present autonomy and future independence, when they are ripe for it. It may be only the dream of an old man; but I would fain hope that I may see, before I sing my Nunc Dimittis, an established autonomous Armenian state—stretching from Sinops to Adana, from Adana to the borders of Persia, and hence to the Black Sea—which shall become the center of peace and prosperity for the whole of Asia Minor."

Mr. W. Llew Williams, in his interesting and scholarly book, "Armenia: Past and Present," writes: "The storm-center will be Asia Minor, and probably the end of a long period of disturbance, local strife, arrested material and social progress, will be a disastrous and impoverishing war for another generation to wage. With the powers lightly face that prospect? The interests of peace after this world-war will be supreme. The nations will need a prolonged period to recover, heal the wounds inflicted, repair the incalculable damage wrought. Peace can only be established on righteousness. Justice and Right demand that Armenia shall be satisfied—shall, after the centuries of darkness and sorrow, know a new day of light and joy."—New Armenia.

Here's What a Fresno Man Does With His Oldsmobile Eight

L. G. Haight, local field man in his Oldsmobile "8" has traveled 3226 miles on 188 gallons of gasoline, an average of 17 miles to the gallon.

This record was made over all kinds of roads in the Valley, up hill and down, level roads and rough roads including one trip to Cascade and one trip to Fresno Hot Springs.

This record compares favorably with the light, cheap cars on the market.

Anybody Can Do the Same Thing With An OLDSMOBILE EIGHT

This is the usual performance for the OLDSMOBILE EIGHT and it's an every day record that every owner of this car is making daily.

For economy of gasoline consumption and dependability to "get there" the OLDSMOBILE is unbeatable.

COLUMBUS DAY WILL BE OBSERVED HERE

K. of C. Arranges Program in Honor of Discoverer

Columbus Day will be celebrated tomorrow evening by the local council of the Knights of Columbus in their J street headquarters. There will be a musical and literary entertainment and dancing. The program has been arranged in part for the entertainment of the women relatives and friends of the members of the order. Judge H. F. Briggs has been invited to deliver a brief address on the life of the noted explorer and martyr, Christopher Columbus. The literary part of the program will include a few historical poems dealing with the life of Columbus and the land he discovered. The dancing program will begin at 9 p. m. Refreshments will be served.

REPUBLICANS AHEAD ON GREAT REGISTER

Latest Vote Count Made By Officials Show 37,901 Enrolled

With about a score more of registration blank books to be counted, the total registration of voters in Fresno county has, evening, was recorded as being 37,901. When all of the books have been counted it is estimated by County Clerk Barnwell and Deputy Clerk Marshall that the total number will exceed 38,000. Republican voters are more than 2400 ahead of the Democrats. The following is the count made to date with party registration:

Republicans	14,753
Democrats	11,320
Decline to designate	7,421
Socialists	1,587
Progressives	1,446
Prohibitionists	1,324
Total	37,901

HOTEL OWNERS ARE SUED BY HEROLD

An injunction order was asked for yesterday in a suit filed in the Superior court by Fred P. Herold, local shoe merchant, against the owners of the Grand Central Hotel. The defendants named are George E. Edwards, Mildred A. Goodwin and Maude Lillian De Brattville. Herold asks that the owners of the hotel be enjoined from operating a heating plant in a basement underneath his store, as contrary to the terms of

WORK FOR BELGIUM RELIEF IS STARTED

Fresnans Will Be Asked to Aid in Raising \$70,000 Fund

An active campaign to interest Fresnans in the Belgium Relief Fund was commenced here yesterday, when Mrs. Willoughby Rodman of Los Angeles appeared at a meeting of the directors of the Merchants' Association yesterday and outlined the importance of that body to the relief work. Mayor A. E. Snow, who is chairman of the Fresno committee of the Belgium Relief Fund, is soon to call a meeting of the committee for the purpose of giving consideration to the movement. It is planned to raise a sufficient sum in each state of the union to feed the starving women and children of Belgium for one day. The amount needed is estimated at \$70,000.

WANT TO PURCHASE GRAPES

The Margherita Vineyard will purchase second crop Muscats from vines and on trays. Phone 8215-R4.

Why That Lame Back?

That morning lameness—those sharp pains when bending or lifting make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Fresno resident's example.

Mrs. G. D. Collett, 423 O street, Fresno, says: "My back pained me awfully some time ago. I had heavy, bearing-down pains in the small of it and it seemed as though a knife were sticking into me. I had a tired, languid feeling and often fell asleep in a chair, while at night, I was restless and couldn't sleep. I had headaches and dizzy spells. Doan's Kidney Pills gave me great relief." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Collett had. Foster-Milburn Co., Props., Buffalo, N. Y.

REDMOND CO. AT WHITE
REMAINDER OF WEEKOrpheum Will Open
Season Next
TuesdayRoscoe Karns—Redmond Company, Now
at White

The last performance of "The Ne'er Do Well," musical comedy, will be given by the Redmond company at the White theater tonight. The musical numbers in this musical comedy version are all big features. Miss Mary Newton, Miss Ruth Benicke, Minor Reed, Hugh Metcalfe, Tina Craft and others all appear in specialties. Roscoe Karns is in the leading role of Kirk Anthony.

New Play Tomorrow "Merely Mary Ann."

Blenny Robson's most successful comedy, with musical settings, "Merely Mary Ann," will be given by the Redmond company tomorrow night and will run up to and including Saturday night, including a Saturday matinee, Sunday matinee and night, another new musical play will be given entitled "Let's Get a Divorce."

Orpheum Has Fine Starter.

The Orpheum shows will resume at the White theater next week, starting on Tuesday night, October 17. The Orpheum days will be Tuesday, Wednesday and Thursday, including a Wednesday matinee, and Manager Barton is holding the season reservation list open until tomorrow evening in the hopes of securing the necessary list to guarantee the Orpheum season for Fresno. Everyone should awaken to the importance of retaining Orpheum shows in Fresno and should sign up at once.

The opening bill was announced in Sunday's Republican and is a fine headline bill for a starter.

"FIGHTIN' BOB-CAT" AT KINEMA THEATER TODAY

"Twilight Sleep" Pictures Will Also Be Shown

DUSTIN FARNUM
IN "THE PARSON OF PANAMINT"
PALLAS PICTURES

An unusual schedule prevails at the Kinema for the balance of the week. Part of each day and night will be devoted to the wonderful twilight sleep films, which the women of the world have had presented to them by the Motherhood Educational Society.

World-Wide Discussion.

The question of whether painless childbirth is a boon to motherhood or not is, to say the least, the most vital question of the day. The future of the community, the state and the nation must certainly rest upon the physical welfare of the women of the world.

To alleviate the anguish of the female has been a paramount thought with many of the best minds, and the result of this earnest thought and endeavor brought about the discovery of "Twilight Sleep" by the famous Drs. Kronk and Gause.

Vast Importance to American Women. It is said that American women, being of high intellect and fine-grained suffer more keenly than is usual, and Mrs. Yenger, who will lecture with the films at the Kinema, and who has attended more Twilight Sleep births than any other women in America, will be able to enlighten any and every woman as to just what painless birth means to the mother. The hours of presentation for the ladies today will be at 10 sharp this morning, with two other performances at 11:30 and at 1 P. M. In order to accommodate many women, who are otherwise en-

gaged, a special evening show will be given tonight at 10:30 for the ladies only.

Dustin Farnum in Peter Kyne's "Parson of Panamint" Also Today.

After the "Twilight Sleep" pictures Dustin Farnum will be seen in that dashing role of Peter Kyne's "The Parson of Panamint." Dusty is a real fightin' bobcat, and the part just suits him to a dot. The play has all the swing of the early California frontier town, with a trip-hammer finish that will jolt the spectator into a gasping surprise.

WIDOW APPLIES FOR
ORDER FROM COURTLetters of Administration
Asked for by Mrs.
L. L. Mitchell

Application for letters of administration was made to the Superior Court yesterday by Mrs. L. L. Mitchell, widow of Lincoln L. Mitchell of Fresno, who died intestate, October 5 of this year. Mrs. Mitchell estimates that her late husband's estate was worth about \$25,000.

The heirs-at-law are Mrs. Mitchell, three brothers, Nels Mitchell, Carl Mitchell, Oscar Mitchell, Fresno, and Charles M. Mitchell, Illinois, and two sisters, Mrs. Carl Gillette of Fresno and Mrs. Josephine Gillette of Oakland. Mrs. Mitchell said that so far as she knew her husband never made a will. She asked to be made administrator of the estate.

How to Keep Well,
Talks on HealthBy DR. W. A. EVANS
Professor of Hygiene in Northwestern University and Former Health
Commissioner of Chicago

HOW IT IS DONE.

(Copyright, 1916, By Dr. W. A. Evans.)
The San Joaquin Delta Land Planting company has a plantation of 10,000 acres, on which there are 5,000 employees. Under the direction of Dr. H. B. Miller they are getting rid of malaria on this tract without any great expenditure of money.

Dr. Miller says in the Railway Surgical Journal, that their plan has "increased my work in treating active cases of malaria 40 per cent. It has improved the working efficiency of the tenantry approximately 25 per cent."

For the employer this is a good investment. The conditions should attract the cream of the labor. The physician should not complain where his work is lessened 40 per cent.

These are some of the methods employed. The use of pure chill tonic is not allowed. By curing the symptoms of malaria the child—but not the disease, child loses cause hematuria and chronic malaria. Dr. Miller says, "Hemoglobinuria (also called hematuria), the source of the delta twenty years ago, was almost entirely due to the discontinuance of the use of chill tonic."

The importance of maintaining indoors at night is impressed on the people. "The house of each white employee is thoroughly screened with mosquito netting. Every bed in the tenant houses has a net, that does not open on the side, of 16 mesh. Each manager is supplied with three grain quinine capsules, compound cathartic pills, opium salts, and castor oil, and instructed in their use."

In the force used, 25,000 quinine capsules, 10,000 opium salts, 10,000 cathartic pills.

To prevent malaria they have twelve grains of quinine at bedtime for two nights each week during the flight of anopheline mosquitoes. The first flight occurs in May, the last in October or November, with the first good frost. There is no reason for giving prophylactic quinine when there are no mosquitoes to infect—that is, from the last of October until May 1.

To thoroughly cure a case of malaria they follow this plan. The patient, if an adult, is given opium salts; if a child castor oil. This is followed by five three-grain quinine capsules, given at bedtime. The quinine is repeated every night for four nights. Then it is given twice a week for six weeks. Late in the fall the dose of quinine is followed by a dose of dilute muriatic acid in water—drop of the acid for each grain of quinine.

Free Pamphlets
We have the following pamphlets for free distribution:
"Management of Nervous Children," 4 cents postage.
"Some Information About Venereal Disease," 4 cents postage.
"Fluor," 4 cents postage.
"Control of Mosquitoes," leaflet, 2 cents postage.
"What the Fly," 4 cents postage.
"Medical Fraud," 4 cents postage.

To secure one of the above pamphlets send an addressed envelope, stamped with the postage indicated. To secure one of each, so long as they last, send an addressed envelope and 10 cents postage.

FRESNO VETERINARY HOSPITAL

PRESNANS DECLARE CHAPLIN
AT HIS BEST IN
"THE COUNT"Famous Film Comedian Now Appearing
at Fresno Photo Theater

Audiences fairly shrieked with laughter at Chaplin's antics in "The Count" at the Fresno Photo theater yesterday afternoon and night. Many laughed so much that tears rolled down cheeks—in fact one lady almost went into hysterics so the management says.

Fresnoans Express Enthusiasm.

Those who witnessed "The Count" declared it Chaplin's best. Whether it is or not, we'll leave it for you to decide; but this we will say, "it surely brings the old Chaplin laugh again."

You know his act. Well, he's using them again in the good old way. When he goes forward on those feet of his everybody laughs, but when he goes back they all scream. Welcome Chaplin in a regular old time Chaplin stunt, called "The Count."

Tonight and tomorrow are the last days one will have a chance to see this latest comedy success.

New Features in Conjunction with

"The Count" Today.

Franklin Ritchie, Helene Rosson, Eugene Forde and George Webb, four different stars, will be seen in a five picture show that introduces the mystic lore of East India today.

Those wishing to see this picture at the start are requested to be in the theater at 12 o'clock, 2:25, 4:10, 6:40 and 8:15.

"Mutual Weekly" is an unusual number that adds strength to the program.

PLAN BIG MEETING
FOR GEO. S. PATTON

Dem. Senatorial Nominee
and James Phelan Will
Speak Here Oct. 18th.

George S. Patton, Democratic nominee for the United States Senate, accompanied by Senator James D. Phelan, will leave the San Joaquin valley next Tuesday and Wednesday, October 17 and 18. The speakers will enter the valley at Bakersfield on Tuesday night and will be in Fresno at the Russell Municipal auditorium on Wednesday night, after making stops at Porterville, Visalia and Hanford during the day. This will be the first trip for Senator Phelan to Fresno since he was elected to the Senate, two years ago, and he will devote most of his speech to the discussion of the legislation achieved for the west by Wilson and his administration of workers.

Chairman Russell Elder and other members of the local Democratic Central committee met with Albert J. Condon of Los Angeles, advance agent for Patton, yesterday afternoon and arranged for the meeting at the auditorium next Wednesday night. An automobile caravan headed by a band will escort the speakers from the hotel through the business district to the auditorium. A large number of local citizens will be requested to act as vice presidents for the meeting and the chairman for the evening will be named by "their some time during the next few days."

Following the Fresno rally Phelan and Patton will go to Stockton and Sacramento and during the next week they will visit all the towns in the San Francisco bay section. The Patton and Phelan itinerary as given out yesterday by Condon is: Tuesday night, October 17, Bakersfield, Wednesday, October 18, Porterville, at 11 a. m.; Visalia at 1 p. m.; Hanford at 3:30 p. m. and Fresno at 8:15 p. m.

TOURIST PARTY IN GRANT PARK CAUGHT IN STORM AND PICTURE

Fresno tourists caught in snow at Grant Park.

The picture herewith is that of an automobile party in the snow at Grant Park during one of the recent storms. There were eight inches of snow on the ground when the photo was taken, which was a party of Fresno tourists who were caught in the snow and had great difficulty in getting back to the valley. To the left is Henry Vlex of

Fresno. Next to him is J. S. Lazarus, also of Fresno, and the third is a miner who lives in that vicinity. To the right, driver Stephens, and in the background is Mr. Harrell. The party left Fresno for a pleasure trip to the park and were caught in the storm. A park photographer happened along and the party posed for the picture.

FORMER MARINE IS NOW HELD IN JAIL

Orrin Rosasen Poses as Officer, Passes Bad Checks

Orrin Rosasen, a dishonorably discharged U. S. Marine, was given a preliminary hearing before Judge Briggs yesterday, charged with passing fictitious checks and defrauding the Sequoia Hotel. Detectives Hansen and Truax made the arrest.

Rosasen is alleged to have passed several worthless checks and to have posed as a marine officer. The money, it is said, thus obtained was used to defray the expense of joy rides, cafe suppers and the incidentals necessary to the entertainment of several young women.

The checks were drawn on the Merchants Bank of Crookston, Minnesota. Rosasen claims that A. D. Stephens, his guardian, is an official of the bank.

He was returned to jail in default of \$500 bonds.

CHINESE GAMBLERS PLEAD NOT GUILTY

29 Men Caught in Fan Tan House May Reconsider Plea

The 29 Chinese and Japanese gamblers arrested a week ago by the police when Detectives Broad and Truax entered the Lee Toy fan tan house disguised as Hindu laborers, yesterday entered a plea of not guilty through their attorney, W. D. Erickson.

The officers secured fan tan sticks and a money pot of \$40 as evidence. It is believed that the plea may be reconsidered within the next few days and that an offer will be made by all of the men to plead guilty.

CHURCH ADDRESSES NEWMAN GATHERING

Non-Political Tariff Board
Chief Subject of
Nominee

A large gathering of West Side residents greeted Denver Church, Democratic congressional nominee from the Seventh district, on his appearance last night in the town hall at Newman. Church held forth on the benefits to be derived from his bill asking for the creation of a non-political tariff board and which is now pending at Washington. Referring to this he said in part:

"Another piece of legislation, which is in many respects the most important that has been enacted in many decades, is the federal tariff board, which was recently signed by President Wilson. This bill is in keeping with the other great achievements of the present administration and will in a very strong way remove from politics the tariff considerations for the future. Almost since the establishment of this government the business interests of the country have been subjected every four years to the experiments of the successful political party. At the commencement of the national political campaign the business interests of the country are completely upset and hold their breath, as it were, until after election, not knowing which political policy is to be in vogue. Under the proposed plan duties will be levied not simply to meet platform requirements but for the purpose of meeting the necessity of business conditions throughout the United States. I filed a bill, both in the Sixty-third and Sixty-fourth congresses, asking for the creation of a non-political tariff board. In each of these bills it was provided:

"That when a complaint is filed with said commission, signed by the President and secretary of any chamber of commerce duly operating under the laws of any State in the Union, setting forth that a legitimate industry located within the region wherein said chamber of commerce is in operation is being injured by reason of excessive importation of goods into the United States, caused by too low a tariff rate, or should said facts appear to said commission that there is reason to believe any business interest in the United States is making unusual profits to the detriment of the assured and consumers of its products, caused by a lack of importations into the United States resulting from too high a tariff duty, or when it shall appear to said commission that unlawful trusts and combines in restraint of trade are in existence in this country, resulting from a lack of imports caused by too high a tariff duty, said commission shall call attention to the same and make such recommendation to Congress as it considers wise for the purpose of remedying said evils, and in said report it shall set forth and give all evidence received by it upon which said opinions and recommendations are based."

I wish to make it clear that we actually have the non-political tariff commission law passed and that President Wilson is choosing the men who are to compose the board. Once this board is organized, it will look into all phases of a business before a recommendation is made to Congress to fix a certain tariff schedule. That means we will no longer have a tariff fixed by inexperienced congressmen and senators, but it will be done by men who will take the time and patience to thoroughly acquaint themselves with the problems and advantages confronting a business before saying what protection it shall have. In other words, President Wilson and his party are doing everything possible to give the business of this country a chance to prosper on a business-like and scientific basis."

Church will speak today at Crows Landing, 10 a. m.; Patterson, 1 p. m.; Riverbank, 7 p. m.; and Oakland, 8:30 p. m. Tomorrow, Thursday, October 12, he will speak at Fresno, 10 a. m.; Houston, 1 p. m.; Denair, 4 p. m.; and Turlock, 8 p. m.

MISS HELEN TODD TO SPEAK HERE TONIGHT

Will Address Local Meeting of Woman's Party; Capable Speaker

Miss Helen Todd, who will speak at the meeting of the Woman's Party tonight in the Universalist church auditorium, arrived in Fresno last night. Miss Todd is regarded among the feminists as one of the most brilliant women orators in the country, and as one who not only brings the message of an idealist, but also has the practical insight into conditions of women workers. It is the belief of Miss Todd that nothing can be done for these women until they have secured the ballot. She maintains that the best and quickest method to obtain the ballot is by means of a federal suffrage amendment, and therefore is giving her support to the Woman's Party, which is striving to defeat the administration.

Miss Todd has had personal interviews with representatives of both parties on the federal suffrage amendment question, and will tonight present the attitude of President Wilson, Theodore Roosevelt, Charles Evans Hughes and William Jennings Bryan on the question.

It is planned to organize the fanclars into a breeders' society, which will be a distinct organization from the State Association, although affiliated with it.

Sacramento County Votes For Good Roads

Big Majority in Favor of Bond Issue

By an overwhelming majority, nearly 4 to 1, the voters of Sacramento County placed their stamp of approval on the bond issue for the construction of 124 miles of improved highway. They held their election on October 3rd and out of over 14,000 votes only about 3000 were negative.

This has caused great rejoicing throughout the Sacramento Valley and now everybody looks forward to Tuesday, October 24th when the good roads question will be voted on in Fresno County.

What a grand place to live in this country will be when good roads link the different counties into one continuous chain of permanent highways.

Sacramento has shown us their progressiveness. Let us go them one better on our Good Roads Election Day.

The conditions that confronted the taxpayers of Sacramento County are identical with the conditions that confront Fresno County.

They were paying out goodly sums each year for the repairing of temporary roads, their resources are about the same as our resources compared to size but they were handicapped by considerable opposition while the good roads question in Fresno County seems to meet with universal approval.

Sacramento County has placed herself in the foremost ranks of progressiveness by taking this step in the right direction and surely Fresno County will do likewise. In all important questions there is the likelihood of opposition but most of this comes from a misunderstanding of the proposition and it is just this misunderstanding that is delayed until this time the passing of a bond issue in Sacramento County. When the voters gained an understanding they voted "Yes" with a big majority. Fresno County will vote "Yes" because the voters will have a thorough understanding of the bond issue before election day and like their sister counties they will want good roads. Everybody wants good roads.

EDITORIAL

The Good Roads victory in Sacramento County shows the way the wind is blowing.

At no other time in the history of the human race have the importance and the economic advantages of good roads been felt as they are today. They serve as one of the greatest contributing factors to the prosperity of the community and this is being realized by thinking men and women all over the country.

The economic problem of today is not so much a problem of production as it is a problem of distribution and here is where the benefits of good roads get into the argument.

Sacramento County has shown us the way. Let us not be content with simply joggling along while other communities are building good roads and reaping the financial results.

446 MILES OF GOOD ROADS TO BE CONSTRUCTED

Each Road Will Be Described In These Advertisements from Day to Day

Mendocino Avenue

The road which is commonly known as Mendocino Avenue, through the center lines of Sec. 2, T. 16 N., R. 22 E., and of Sections 35, 36 and 37 of T. 15 S., R. 22 E., from the center of Section 2 east to the Parlier Road, to be graded and paved for a width of 16 feet with a hydraulic cement concrete base 5 inches in thickness and a wearing surface of heavy asphaltic oil applied hot upon said base and with broken rock or gravel screenings and sand added thereto and rolled together; and bridges of concrete, corrugated iron or reinforced concrete be constructed across all waterways where the same are not already constructed.

Sanger Road

Jensen Avenue from the intersection thereof with the McCall Road to the westerly boundary line of the city of Sanger; to be graded, and paved for a width of 16 feet with a hydraulic cement concrete base 5 inches in thickness and a wearing surface of heavy asphaltic oil applied hot upon said base and with broken rock or gravel screenings and sand added thereto and rolled together; and bridges of concrete, corrugated iron or reinforced concrete be constructed across all waterways where the same are not already constructed.

Sanger-Kingsburg Road

The road which is commonly known as the Sanger-Kingsburg Road from the southerly boundary line of the city of Sanger to the road which is commonly known as Adams Avenue, to be graded and paved for a width of 16 feet with a hydraulic cement concrete base 5 inches in thickness and a wearing surface of heavy asphaltic oil applied hot upon said base and with broken rock or gravel screenings and sand added thereto and rolled together; and bridges of concrete, corrugated iron or reinforced concrete be constructed across all waterways where the same are not already constructed, the center lines of which

Fowler-Parlier-Reedley Road

Adams Avenue from the State Highway to the westerly boundary line of the city of Fowler and from the easterly boundary line of the city of Fowler to the center line of Sec. 14, T. 15 S., R. 22 E., and thence along the center line of Sections 14 and 23, T. 15 S., R. 22 E., from Adams Avenue, to the Parlier Road and thence along the said Parlier Road from last said line to the easterly boundary line of T. 15 S., R. 22 E., and thence along the said easterly boundary line of said T. 15 S., R. 22 E., south to Manning Avenue, and thence along Manning Avenue easterly to the Kings River bridge; to be graded, and paved for a width of 16 feet with a hydraulic cement concrete base 5 inches in thickness and a wearing surface of heavy asphaltic oil applied hot upon said base and with broken rock or gravel screenings and sand added thereto and rolled together; and bridges of concrete, corrugated iron or reinforced concrete be constructed across all waterways where the same are not already constructed.

Sanger-Kingsburg Road

FRESNO COUNTY IS NEXT

Good roads elections are being held all over the state and after Sacramento County comes Fresno County.

Sacramento's election was held October 3rd, ours comes on October 24th. Sacramento turned out a heavy majority and we will do likewise if one can be guided by expressions heard on all sides.

It has been shown that good roads pay three times as much interest on the investment as the principal amounts to, not directly of course but indirectly.

Now, if they are a good investment, and the proof is easily ascertained, Fresno County is surely going to vote in the affirmative. To do otherwise would be folly.

We need these roads now. It is just like anything else. If you don't have the money you should borrow it. Credit is the corner stone of the business world.

Fred Newkirk Dies at Huntington
Beach, Where He Had Been for

His Health: News Notes

LINDSEY, Oct. 16.—The body of Fred Newkirk, former city water superintendent of this place, was brought here this morning from Huntington to be buried at 10 o'clock today evening. Newkirk was 61 years of age. He had been ailing for the past seven years. The funeral service here at the graves was conducted by the W. G. W., assisted by Christian Scientists.

While waiting for half a year for the completion of the new city tennis courts, the tennis association is now ready to complete its fences, as the paving company completed the surface coat yesterday. The association consists of thirty of Lindsey's most prom-

B. E. French, J. C. Roeker and J. W. Sullenger left Monday for a week's hunting trip in the vicinity of Mineral King.

Dorothy Marie, the 6-months-old daughter of Mr. and Mrs. George Lamb, passed away last evening following a lingering illness.

A. E. Curran, a newspaper man recently from Clovis, N. M., has joined

The Lindsay newspaper circles by going into partnership with S. J. Harmeling of the Citicograph.

A very pretty wedding was solemnized Sunday afternoon at 4 o'clock at the home of A. M. Rea southwest of Lindsay, when Miss Helen Irene Rea became the bride of Kale C. Wollett. The young couple will make their home in Lindsay, where the groom is employed.

HARDWICK NOTES

HARDWICK NOTES

HARDWICK, Oct. 10.—Mrs. Christopher Ruser of Fresno is visiting at the ranch home of Mr. and Mrs. H. S. Hampton.

Mr. and Mrs. S. West, who have been visiting at the home of Mr. and Mrs. Frank Johnson, left for their home in Los Angeles Sunday.

Mr. and Mrs. W. J. Carter and children spent Sunday visiting on the island.

Charles King was a business visitor in San Francisco recently.

Mr. and Mrs. J. T. Shore were pleasantly surprised at their new ranch home the first time they visited by the presence of their Hardwick friends on the island.

Mr. W. C. Willson, accompanied by Mrs. W. A. Wilson, Jerome Miller and Mrs. Miller motored to Los Angeles on Saturday evening. The guests furnished the refreshments and a jolly evening was spent in games and dancing.

James Shay of Armona passed through Hardwick Monday on his way to Helm, where he will act as station agent while Agent Jerry O'Neil is away on vacation.

Charles Sharp of Hanford delivered a lecture on prohibition at the Laguna Schoolhouse, Saturday evening.

J. E. Moore and Marion Knight, married to San Francisco, Sunday. Mr. Moore will return with Mrs. Moore and the children, who have been visiting in San Francisco for the past two months.

Mrs. Sarah Burner is visiting her son, Art Burner, and family in Oakland.

M'COMBS ILL.

NEW YORK, Oct. 10.—William F. McCombs, Democratic candidate for United States Senator from New York while on his way to the Pennsylvania election today to visit President Wilson at Shadow Lawn, was seized with an attack of tonsillitis which compelled him to return to his hotel. He has been suffering from throat trouble or some time.

When Coombs Falters Pfeffer Saves Day for Uncle Wilbert

Ivan Olson Gladdens Hearts of Brooklyn Fans As He Triples in 5th Inning

RED SOX MAKE GALLANT STAND BUT DODGERS WIN BY SCORE OF 4 TO 3

Carrigan's Men Strive With Might and Main to Break Down Early Lead But Relief Pitcher Saves Brooklyn in Final Innings

NEW YORK, Oct. 10.—The Brooklyn Americans today and won by a score of 4 to 3 in the third game of the world's series.

Brooklyn, playing at Ebbets field, proved far more formidable than when in Boston. Three deprived of victories after thrilling battles at Braves field, they finally arose in their might this afternoon and with the plaudits of the home fans ringing in their ears, batted out a victory with some vigor.

The victory was followed by one of the most extraordinary celebrations ever seen upon a world's series battlefield. Hardly had Stengel clutched Lewis' towering fly for the final out of the game when thousands of rosters came trooping into the diamond and the field, where they were carried away with the enthusiasm of a conquest.

Men and boys and some women captured and danced about with joy, while the bands were assembling for the march around the park. With the first notes of march music, the fans formed in long lines and once under way began a parade that grew in enthusiasm and numbers as it proceeded. It wound in and out, in imitation of the college line dance, while the more sedate of the spectators cheered and yelled. Flagg was hurled into the field followed by cane seat cushions, until the air was filled with flying objects.

Fans Are of One Accord.
And the Royal Routers of Boston struck up the famous "Tea-Tea" song and march, and soon the park was filled with parading battalions. After a number of maneuvers, the spectators of the two clubs met in the center of the field and each band played a march and then a waltz.

The demonstration made up in part for the lack of the thrilling features which lifted the first two contests of the series above the rank of ordinary baseball conflicts.

Brooklyn jumped into the lead early in today's contest and were never headed, although the Boston club crept up to within a run of tying the game in the closing innings. Neither was the game marked by the super-excellent baseball, but Brooklyn won and, with the hope that the team would repeat tomorrow, that was entirely sufficient for the supporters.

The seventh inning Coombs held the Sox to six hits and two runs, but when Larry Gardner lifted the ball over the right field wall for a home run, Coombs realized that he was losing his cunning. His team mates urged him to remain in the box, but he was finally replaced by Pfeffer, who held the one run lead Coombs had given him until the end, Boston being helpless and hitless before his delivery.

May, the underhand pitcher selected by Manager Carrigan to hold Brooklyn less fortunate, for the Robinsons can tell upon his offerings with a freedom they had not displayed against either Shore or Ruth. They earned seven hits and four runs before the Sox were finally replaced by Pfeffer, who held the one run lead Coombs had given him until the end, Boston being helpless and hitless before his delivery.

May, the underhand pitcher selected by Manager Carrigan to hold Brooklyn less fortunate, for the Robinsons can tell upon his offerings with a freedom they had not displayed against either Shore or Ruth. They earned seven hits and four runs before the Sox were finally replaced by Pfeffer, who held the one run lead Coombs had given him until the end, Boston being helpless and hitless before his delivery.

Hooper, Shorten and Gardner were the heavy hitters for Boston. Hooper acquired two hits, one a triple; Shorten, playing in his first world's series, gathered three hits in four trips to the plate, and Gardner made his one hit count when he batted over the wall for circuit city.

Daubert a Batting Star.
Captain Jake Daubert was the batting star for Brooklyn, collecting three hits in four times at bat, after going through the first two games without a hit. His final blow was delivered in the sixth inning when he drove the ball to the extreme end of the left field line.

Daubert was sprinting around second when the fielder clutched the ball and had turned third when Scott in deep short received the throw. The latter whipped it in Thomas at first base just as Daubert slid in with what he thought was a home run. Umpire O'Day however decided that the runner had not touched the plate.

He was given credit for a three base hit by the official scorers. Daubert had the satisfaction of scoring the first run of the game when he moved in on a single to the box. When he was given a base on balls and finally went out to May to Hoblitzel, Wheat taking second.

Triple Came in Handy.
May could not find the plate for May and the Brooklyn third baseman walked. Olson then won the game by hitting a triple to left center field, both Wheat and May scoring. Olson's strike near the bleacher seats and had it bounded a few inches higher it would have gone into the stand for a home run. Olson was left at third when Miller grounded out Scott to Hoblitzel.

Boston attacked Coombs' delivery viciously in the sixth inning and broke down the left field line in scoring twice. Thomas slammed a grounder to Olson who threw to first for the out. Hengrisen was sent in to bat for May. He was given a base on balls and came home on Hooper's three-base drive to right centerfield. Janviri sent a high fly to Cuthaw, Shorten smashed out his third strike and Hooper scored. Hoblitzel grounded out, Coombs to Daubert.

Hooper went in to pitch for Boston, and Brooklyn missed scoring another run by a narrow margin. After Coombs had filed to Scott and Myers lifted a high fly to Gardner, Daubert drove down the left field line, ball that did not stop until it reached the fence.

Out at the Plate.
Daubert got three bases and was trying to stretch the hit into a home run when he was thrown out at the plate.

had hit sent him home. Hooper scored a moment later on Shorten's hit over second. Gardner completed the Boston run-making with his homer in the sixth.

There was considerable confusion in the handling of tickets, and in the upper stands a large portion was not sold, but after several hours of struggling with the jumbled coupons, it was announced that the official attendance was 21,087, and the gate collected \$12,752. Of this sum the players will receive \$17,871.48; each club, \$12,557.18 and the National Commission \$4,876.20. The total for three games now stands as follows:

Attendance, 98,577; receipts, \$188,877.50; players share, \$12,557.18; each club's share, \$11,557.18; national commission's share, \$4,876.20.

There was little at the opening of the first world's series game in Brooklyn. The weather was cold with a moderate wind from the northwest. Harry Hooper, first man up for Boston, had two strikes and two balls called when he sent a mighty drive over the right field wall. The wind carried the ball over the foul line before it went over the wall. Hooper then made a high fly to Wheat. Janviri poked a grounder at May, who made a fine stop and throw, getting the runner easily at first. Shorten had a count of two balls and two strikes when he drove a single to center field. Hoblitzel followed with a fast single to right and Shorten, in trying to round to third on the hit, was thrown out, Stengel to May.

Nationals Filled Seats.
The National League champions, in their half of the first inning were not able to get the needed hits when the bases were full. Centerfielder Myers was brushed by a pitched ball and was awarded first base. Jake Daubert tried to sacrifice but his bunt eluded the Boston infielders, long enough for him to reach first and Myers second. Stengel's sacrifice advanced both runners while he was being thrown out, May to Hoblitzel. Wheat was walked by May, filling the bases.

The best Cuthaw could do was to chop a difficult grounder to Hoblitzel who made a scoop of the ball and tossed it to Thomas for a force-out on Myers. With all the bases still occupied, May struck out.

Boston's stay at the bat in the second inning was brief. May lifted a high fly to Myers and Gardner sent up one that Cuthaw gathered in. Scott hammered out a long fly that was collared by Wheat after a hand.

Brooklyn's turn at bat was also brief. Olson was an easy out. Scott to Hoblitzel. Miller struck out on three pitched balls, and Jack Coombs ended the inning by grounding to Scott, who threw him out.

Coombs in Rare Form.
The American League champions got a man on the bases in the third inning. Coombs' fine pitching again quickly dismissed the side. Thomas sent up a short fly to Cuthaw. May struck out. Hooper singled to center. On Coombs' second pitch, to Janviri, Hooper tried to pitch the ball to Janviri and was out on a fine throw by Miller to Cuthaw.

Hoblitzel's men came through with a hit in their half of the third inning. Scott's men came through with a hit in their half of the third inning. Scott's men came through with a hit in their half of the third inning.

Hooper, Shorten and Gardner were the heavy hitters for Boston. Hooper acquired two hits, one a triple; Shorten, playing in his first world's series, gathered three hits in four trips to the plate, and Gardner made his one hit count when he batted over the wall for circuit city.

Three base hits—Olson, Daubert, Hooper. Home run—Gardner. Stolen bases—Wheat. Sacrifice hits—Stengel, Miller, Myers. Left on bases—Boston, 2; Brooklyn, 3. Bases on balls—Of May, 3; of Coombs, 1. Hits and earned runs—Off May, 7 hits, 3 runs in 5 innings; off Coombs, 2 hits, no runs in 3 innings; off Coombs, 7 hits, 2 runs in 6 1/3 innings; off Pfeffer, no hits, no runs, in 2 2/3 innings. Hit by pitcher—By May, 1; by Coombs, 1; by Pfeffer, 1. Wild pitch—Foster. Umpires—At plate, O'Day, on bases, Connolly; left field, Quigley; right field, Dineen. Time—2:03.

Five thousand followers of the national game, some who rooted for the Red Sox and some who rooted for the Dodgers, watched the Republican scoreboard depict every play just as it happened at Brooklyn yesterday, and not a flaw was found in the clock-like perfect chronicle of the many details.

The special wire to the Republican office direct from Ebbets field carried the news up to the second, and five seconds after Stengel took Lewis' fly, Coombs' second pitch, to Janviri, Hooper tried to pitch the ball to Janviri and was out on a fine throw by Miller to Cuthaw.

Hoblitzel's men came through with a hit in their half of the third inning. Scott's men came through with a hit in their half of the third inning. Scott's men came through with a hit in their half of the third inning.

Hooper, Shorten and Gardner were the heavy hitters for Boston. Hooper acquired two hits, one a triple; Shorten, playing in his first world's series, gathered three hits in four trips to the plate, and Gardner made his one hit count when he batted over the wall for circuit city.

Hengrisen was sent in to bat for May. He was given a base on balls and came home on Hooper's three-base drive to right centerfield. Janviri sent a high fly to Cuthaw, Shorten smashed out his third strike and Hooper scored. Hoblitzel grounded out, Coombs to Daubert.

Hooper went in to pitch for Boston, and Brooklyn missed scoring another run by a narrow margin. After Coombs had filed to Scott and Myers lifted a high fly to Gardner, Daubert drove down the left field line, ball that did not stop until it reached the fence.

Out at the Plate.
Daubert got three bases and was trying to stretch the hit into a home run when he was thrown out at the plate.

Daubert got three bases and was trying to stretch the hit into a home run when he was thrown out at the plate.

PFEFFER AND DAUBERT WHO MADE IT GREAT FOR ROBBIE YESTERDAY

Five thousand followers of the national game, some who rooted for the Red Sox and some who rooted for the Dodgers, watched the Republican scoreboard depict every play just as it happened at Brooklyn yesterday, and not a flaw was found in the clock-like perfect chronicle of the many details.

The special wire to the Republican office direct from Ebbets field carried the news up to the second, and five seconds after Stengel took Lewis' fly, Coombs' second pitch, to Janviri, Hooper tried to pitch the ball to Janviri and was out on a fine throw by Miller to Cuthaw.

Hoblitzel's men came through with a hit in their half of the third inning. Scott's men came through with a hit in their half of the third inning. Scott's men came through with a hit in their half of the third inning.

Hooper, Shorten and Gardner were the heavy hitters for Boston. Hooper acquired two hits, one a triple; Shorten, playing in his first world's series, gathered three hits in four trips to the plate, and Gardner made his one hit count when he batted over the wall for circuit city.

Daubert a Batting Star.
Captain Jake Daubert was the batting star for Brooklyn, collecting three hits in four times at bat, after going through the first two games without a hit. His final blow was delivered in the sixth inning when he drove the ball to the extreme end of the left field line.

Daubert was sprinting around second when the fielder clutched the ball and had turned third when Scott in deep short received the throw. The latter whipped it in Thomas at first base just as Daubert slid in with what he thought was a home run. Umpire O'Day however decided that the runner had not touched the plate.

He was given credit for a three base hit by the official scorers. Daubert had the satisfaction of scoring the first run of the game when he moved in on a single to the box. When he was given a base on balls and finally went out to May to Hoblitzel, Wheat taking second.

Triple Came in Handy.
May could not find the plate for May and the Brooklyn third baseman walked. Olson then won the game by hitting a triple to left center field, both Wheat and May scoring. Olson's strike near the bleacher seats and had it bounded a few inches higher it would have gone into the stand for a home run. Olson was left at third when Miller grounded out Scott to Hoblitzel.

Boston attacked Coombs' delivery viciously in the sixth inning and broke down the left field line in scoring twice. Thomas slammed a grounder to Olson who threw to first for the out. Hengrisen was sent in to bat for May. He was given a base on balls and came home on Hooper's three-base drive to right centerfield. Janviri sent a high fly to Cuthaw, Shorten smashed out his third strike and Hooper scored. Hoblitzel grounded out, Coombs to Daubert.

Hooper went in to pitch for Boston, and Brooklyn missed scoring another run by a narrow margin. After Coombs had filed to Scott and Myers lifted a high fly to Gardner, Daubert drove down the left field line, ball that did not stop until it reached the fence.

WATCH FOR THE BEST NEWS OF SERIES IN FRESNO REPUBLICAN

WEDNESDAY, Oct. 11.—That's today, and the Boston Red Sox, winners of the American League pennant, and the Brooklyn Dodgers, winners of the National League pennant, will meet in the fourth game of the great baseball classic to decide the championship of the world.

If you are a fan, you will want the best news and all the news on this great struggle for baseball supremacy. The Fresno Republican will satisfy your every desire.

Then there will be the big player scoreboard on the corner of the Fresno Republican building, where every play of the games will be set before your eyes. This board is the last thing in scoreboards and cannot be improved upon.

It is all up and ready for action, and all the fans have to do now is to catch the Fresno Republican building in time and there and see the big series play for play, exactly as they happen in Boston and Brooklyn.

Even with the great world's series foremost in mind, the fans are on edge for the coming boxing night of the Olympic Athletic Club to be staged at Zapp's Park in the downtown section next Friday evening, October 13, the first pair of boxers to enter the ring at 8:30 o'clock sharp.

Matchmaker Johnson has had the boys under his watchful eye during the training stunts, and each boxer will enter the arena well knowing the ability to annihilate punishment, Rose and Marcus are too well known to the fans to need an introduction.

In the other bouts Frankie Williams will hook up with Bob Wells, Harry Bates with Chuck "Dutchy" Burns, "Snowball" Carter will go into action against Frank Robinson, and Joe McGurk will meet George Kendall. Kendall is the boxer who laid a kayo on Jim Marcus and is expected to give Fresno's champion, Joe McGurk, a merry time of it in the boxing game.

Starling Kline will officiate in all contests.

NEW YORK, Oct. 10.—In reporting to its membership today's baseball game between Brooklyn and Boston, the Associated Press exceeded the telegraphic feat performed on the Brooklyn-Boston game of yesterday by cutting eighteen circuits, so that one sending from the park delivered the descriptive play to 100 offices. This involved a total of 26,000 miles of telegraphic wires, all operated and controlled by the sender at the baseball park. There was instantaneous delivery from Bangor, Maine, to Tampa, Fla., San Diego, Calif., to Spokane, Wash., and to every leased wire point in the Associated Press service between these four corners.

NEW YORK, Oct. 10.—Local followers of the Dodgers are looking on Edward Pfeffer to bowl over the Boston Red Sox in either tomorrow's battle or the one following. In the two and two-thirds innings Pfeffer pitched as relief to Jack Coombs he easily retired the eight men who faced him. Scott, the first man to face Pfeffer, flew out to center. Thomas, the next man up, fanned. Hooper was tossed out by Pfeffer after Foster fanned and Janviri was retired on strikes.

In the final inning, Shorten hit an easy fly for Wheat. Hoblitzel was tossed out by Olson and Lewis flew out to Stengel.

ALWAYS FEATURED.
No hotel fire would be complete without the timely clink of glasses.—From the Indianapolis News.

STAR BILLIARDISTS ARRIVE FOR MATCHES
Morningstar and Yamada Ready for Contests At Coliseum. Both Past Masters at Game.

Oran Morningstar, former world's champion billiard player, and second only to the great Willie Hoppe and Koji Yamada, the wonderful Japanese cue artist, will play a match game at the 18 1/2 ball-line at the Coliseum billiard parlors this evening, beginning at 8 o'clock.

In the first match-played by these past masters of the cue, Yamada won after a close and hard-fought contest. In the second game, Morningstar showed his real worth by winning both matches, the first by a score of 300 to 118 and the second by a score of 300 to 135.

Morningstar and Yamada are on a tour of the states, during which they will play a series of matches, the winner to have the right to challenge Willie Hoppe, who has signified his willingness to accept.

FIFTEEN THOUSAND TO BE DISTRIBUTED IN PRIZES AT SANTA MONICA

Vanderbilt Cup and Grand Prix Auto Races Will Bring Out Best Drivers in Game

SANTA MONICA, Oct. 10.—Fifteen thousand dollars will be the prize money paid to the winners of the Vanderbilt Cup and Grand Prix races to be held on the Santa Monica road race course in November. Each event will carry \$1500 in prizes divided as follows: First prize, \$4000; second prize, \$2000; third prize, \$1000; fourth prize, \$500. In addition the winner of the Vanderbilt Cup race will receive the Wm. K. Vanderbilt Jr. cup and the victor in the Grand Prix classic will receive the \$5000 cup of the Automobile Club of America.

Entries will close at 12 o'clock noon, October 11. The entry fee for each event being \$200 or if a post entry, \$300. All entry fees will be refunded to cars that start.

The distance of the Grand Prix race will be 43-3/4 miles in 43 laps of the 8.41 mile course. The distance of the Vanderbilt cup classic will be 294.655 miles or thirty-five laps of the 8.41 mile course.

The Vanderbilt Cup race will be a class E event, non-stock, open to any motor car of 600 cubic inch displacement or less and with a minimum weight of 1800 pounds. The Grand Prix classic will be a class D, non-stock, free for all event.

No entries will be received after 12 o'clock noon, November 11, under any circumstances. However, any entry which bears a post mark date prior to 12 o'clock noon, November 11, and received at a later date will be accepted.

SANTA MONICA, Oct. 14.—From present indications the battle for the title of "champion driver of the world" and \$13,500 prize money will be decided in Southern California in November. The Vanderbilt Cup and Santa Monica Grand Prix races will be the two events of the season toward the award, while the big event to be held on the Aslet Speedway on Thanksgiving Day will carry 700 points. The present standing of the drivers, which is given below, shows that any one of the drivers may win the title. When the speedway season first started, the racing fans thought that Darlo Resta had the prize money and title clinched, but the information made public last week by the contest board of the American Automobile Association shows that this is not the case. Here it is:

Johnny Aitken 2530
Darlo Resta 2400
Eddie Rickenbacker 1900
Ralph de Palma 1700
Howard Milton 1120
Ralph Mulford 620
Francis Christensen 540
Pete Henderson 517
Ira Vall 440
Frank Lewis 350
Louis de Ales 250
Frank Galvin 240
Hughie Hughes 215
Charles Buzzanne 210
Eddie O'Donnell 185
George Devlin 155
Arthur 125
Jack Le Cain 120
Barney Oldfield 90
Omar Toft 75
Eddie Pullen 70
Otto Halbe 65
Earl Cooper 55
Earl Stricker 55
George Adams 55
Howard Wilcox 40
Billy Chander 40
Frank Watson 35
Walter Corenson 30
Frank Johnson 20
Jef Gule 20
McCarthy 20
Mulle 20

KEEPS VERY CLOSE TO IT.
Two members of the Massachusetts Medical Society met the other day. Said one: "I heard today that your son was an undertaker. I thought you told me he was a physician."

"Not at all."

"I don't like to contradict, but I'm positive you did say."

"You misunderstood me. I said he followed the medical profession."—From the New York Times.

"I want to our earlier's wedding gown today."

"How was the bride dressed?"

"She was exquisitely. She wore a dress of changeable silk."—From the Baltimore American.

SPALDING SPORTING GOODS FOR WINTER ATHLETICS

Sold in Fresno Exclusively at Weilheimer's

The winter athletic season is on. Football, basketball and indoor athletics—the vigorous, red-blooded athletes now come into their own. The pleasure and success of these winter athletics depend largely upon proper equipment, and for this reason athletes the country over give their preference to Spalding Athletic Goods because Spalding Goods are distinctly and correctly designed, and are most durable and lasting. In a word—QUALITY GOODS—made for those who appreciate quality equipment.

Spalding Athletic Goods are sold in Fresno exclusively by me. I secured the agency because I wanted to give Fresno athletes the best—and the best is Spalding's.

I carry a complete stock of all Spalding Athletic Goods—from the baskets of rules and instructions, to footballs, basketballs, uniforms, shoes, sweaters, caps, guards, protectors, etc., in every grade, at all prices.

If you live out of town and want Spalding Goods, let me send you the Spalding Fall Catalog. Write today.

RED SOX MAKE GALLANT STAND BUT DODGERS WIN BY SCORE OF 4 TO 3

(Continued from Page 12)

while the ball was being relayed by Lewis and Scott to Thomas. Daubert slid to the plate as Thomas put the ball on him and Empire City called him safe.

Thomas, who was on one knee with his other foot in front of the plate, directed the umpire's attention to Daubert's position as he lay at the plate, which indicated that Thomas had him blocked off and that the Brooklyn runner had not touched the plate. O'Day reversed himself and called Daubert out.

The seventh inning saw Combs' finish. Lewis grounded out to Daubert on a bunt and then Gardner lifted one over the right field fence for a home run. Combs' hit to Myers, and Myers took himself from the game. Pfeffer, taking his place, Scott filed to Myers and Thomas ended the inning by striking out.

Brooklyn got a man as far as second in its half of the seventh. Stengel offered Hooper a hard choice which he rejected after a hard run and Wheat singled to right. Wheat stole second on a bad pitched ball. Cuthaw flew out to Hoblitzell and Mowrey was thrown out by Foster.

Pfeffer had Boken helpless in the eighth. Foster struck out Hooper. Hooper grounded to Pfeffer and also fanned. Olson opened the eighth by going out to Hoblitzell. Then Miller grounded out, Hoblitzell to Foster. The latter was applauded for the fine style in which he fielded his position.

Boston's ninth was quickly over. Shorten fouled to Wheat. Hoblitzell was thrown out by Olson and Lewis drove a lung fly to Stengel, ending the game.

Play by Innings

First Inning, First Half
Hooper drove a foul ball over the right field wall. It was out to a foot. Hooper filed to Myers. Mowrey scored on Shorten's grounder with his left hand and threw him out. Shorten singled past Cuthaw. Hoblitzell singled to right and when Shorten tried to reach third he was thrown out. Stengel to Mowrey. No runs, two hits, no errors.

First Inning, Second Half
The home folks gave Myers a warm reception, remembering him as the Brooklyn hero of yesterday's game. Myers was hit by a pitched ball. Daubert bunted safely. Myers going to second. It was a superb bunt and neither Thomas nor Myers could get to the plate. Stengel's sacrifice bunt, Myers going to third and Daubert to second. The Boston infield came in on the grass. Wheat was purposely passed and the bases were filled. Cuthaw forced Myers. Hoblitzell to Thomas. Daubert went to third and Wheat to second on the play. No runs, two hits, no errors.

Second Inning, First Half
Lewis filed out to Myers. Gardner sent up a high fly to Cuthaw. Wheat made a circus catch of Scott's long fly, taking the ball in deep left. No runs, no hits, no errors.

Second Inning, Second Half
Scott threw out Olson at first. Miller fanned on three pitched balls. Combs got a real cheer when he came to the plate. Scott threw out Combs. No runs, no hits, no errors.

Third Inning, First Half
Thomas popped to Cuthaw. Myers couldn't see Combs' chances. Hooper singled through the box. Hooper went to second. Miller to Cuthaw. No runs, one hit, no errors.

Third Inning, Second Half
Scott threw out Myers at first after fumbling his grounder. Daubert singled to right. Stengel singled to left. Stengel went to third. Scott threw out Mowrey. One run, three hits, no errors.

Fourth Inning, First Half
Janvyn filed to Stengel. Shorten singled over Mowrey's head. His second hit. Shorten went out stealing. Miller to Olson. Hoblitzell filed out to Myers. No runs, one hit, no errors.

Fourth Inning, Second Half
Olson beat out a bunt and when Gardner threw wildly to first Olson went to second. Miller sacrificed Myers to Janvyn. Olson scored on Combs' pretty single by Janvyn. Myers sacrificed. Mays to Hoblitzell. Scott threw out Daubert. One run, two hits, no errors.

Fifth Inning, First Half
Lewis shot a liner right into Wheat's hands. Gardner popped to Mowrey. Combs threw out Scott. Combs was pitching a superb game. His control was perfect and he mixed up a fast ball with a slight drop curve. No runs, no hits, no errors.

Fifth Inning, Second Half
Stengel fouled out to Gardner who took the ball off a spectacular hat-throw. Wheat went to second. Cuthaw at first. Wheat going to second. Mowrey walked. Wheat and Mowrey scored on Olson's slashing three-bagger to left center. Scott threw out Miller at first. Two runs, one hit, no errors.

Sixth Inning, First Half
Olson took care of Thomas' grounder and threw him out. Henriksen batted for Mays. Henriksen walked. Hooper sent a long drive to right center for three bases scoring Henriksen. Janvyn popped to Cuthaw. Hooper scored on Shorten's single over second. It was Shorten's third hit. Combs threw out Hoblitzell. Two runs, two hits, no errors.

Sixth Inning, Second Half
Foster went into the box for Boston. Combs lined out to Scott. Myers popped to Gardner. Daubert got a three-base hit to left but was out at the plate. Lewis to Scott to Thomas. No runs, one hit, no errors.

Seventh Inning, First Half
Lewis filed out to Myers. Gardner sent up a high fly to Cuthaw. Wheat made a circus catch of Scott's long fly, taking the ball in deep left. No runs, no hits, no errors.

Seventh Inning, Second Half
Scott threw out Olson at first. Miller fanned on three pitched balls. Combs got a real cheer when he came to the plate. Scott threw out Combs. No runs, no hits, no errors.

EARLY DON HAS LITTLE TROUBLE WINNING AT LEXINGTON MEET

Annexes Ashland Stakes in Straight Heat. Both Clark Carriage ON 2:07 Pace

LEXINGTON, Ky., Oct. 10.—Split heat races, all of which were hard fought except the Ashland Stakes, which was won by Early Don, was the rule at the meeting of the Kentucky Trotting Horse Breeders' Association here today.

The 2:07 pace, carried over from Monday, went two heats before it was finally won by the original favorite, Heth Clark. This race went six heats, which is the longest of the season. The 2:08 pace went five heats and had four heat-winners. Peter, Billiken, having won two heats, was declared the winner of the race under the rules. He was obliged to take a new record of 2:04 1/2 in the third heat, while Peter, lower his record to 2:05 1/2 in the fourth heat.

The 2:15 pace was unfinished at sundown, the Canadian mare, Queen Hal, having won the first two heats and Baron Wood from Michigan the third.

The principal race of the day was the Ashland Stakes, worth \$1,000. Early Don, from the stable of Valentine, had little difficulty in winning in straight heats.

The hardest fought race was the unfinished 2:07 pace. Heth Clark won the fourth heat, the next one of the day, in 2:07 1/2. Camella beat her easily in the next one in 2:04 1/2, and it seemed that she had the sixth heat at her mercy when only two started, but Heth Clark won.

Summary:
2:07 pace, two in three, purse \$1,000 (Unfinished from Monday)
Heth Clark, b. m., (Murphy) 3 1 1
Camella, br. m., (Cox) 2 4 2
Lu Prince, br. m., (Cox) 4 2 2
Breeda, b. m., (Rodgers) 2 2 2
Time, 2:06 1/2, 2:07 1/2, 2:08 1/2, 2:09 1/2, 2:10 1/2, 2:11 1/2, 2:12 1/2, 2:13 1/2, 2:14 1/2, 2:15 1/2, 2:16 1/2, 2:17 1/2, 2:18 1/2, 2:19 1/2, 2:20 1/2, 2:21 1/2, 2:22 1/2, 2:23 1/2, 2:24 1/2, 2:25 1/2, 2:26 1/2, 2:27 1/2, 2:28 1/2, 2:29 1/2, 2:30 1/2, 2:31 1/2, 2:32 1/2, 2:33 1/2, 2:34 1/2, 2:35 1/2, 2:36 1/2, 2:37 1/2, 2:38 1/2, 2:39 1/2, 2:40 1/2, 2:41 1/2, 2:42 1/2, 2:43 1/2, 2:44 1/2, 2:45 1/2, 2:46 1/2, 2:47 1/2, 2:48 1/2, 2:49 1/2, 2:50 1/2, 2:51 1/2, 2:52 1/2, 2:53 1/2, 2:54 1/2, 2:55 1/2, 2:56 1/2, 2:57 1/2, 2:58 1/2, 2:59 1/2, 3:00 1/2, 3:01 1/2, 3:02 1/2, 3:03 1/2, 3:04 1/2, 3:05 1/2, 3:06 1/2, 3:07 1/2, 3:08 1/2, 3:09 1/2, 3:10 1/2, 3:11 1/2, 3:12 1/2, 3:13 1/2, 3:14 1/2, 3:15 1/2, 3:16 1/2, 3:17 1/2, 3:18 1/2, 3:19 1/2, 3:20 1/2, 3:21 1/2, 3:22 1/2, 3:23 1/2, 3:24 1/2, 3:25 1/2, 3:26 1/2, 3:27 1/2, 3:28 1/2, 3:29 1/2, 3:30 1/2, 3:31 1/2, 3:32 1/2, 3:33 1/2, 3:34 1/2, 3:35 1/2, 3:36 1/2, 3:37 1/2, 3:38 1/2, 3:39 1/2, 3:40 1/2, 3:41 1/2, 3:42 1/2, 3:43 1/2, 3:44 1/2, 3:45 1/2, 3:46 1/2, 3:47 1/2, 3:48 1/2, 3:49 1/2, 3:50 1/2, 3:51 1/2, 3:52 1/2, 3:53 1/2, 3:54 1/2, 3:55 1/2, 3:56 1/2, 3:57 1/2, 3:58 1/2, 3:59 1/2, 4:00 1/2, 4:01 1/2, 4:02 1/2, 4:03 1/2, 4:04 1/2, 4:05 1/2, 4:06 1/2, 4:07 1/2, 4:08 1/2, 4:09 1/2, 4:10 1/2, 4:11 1/2, 4:12 1/2, 4:13 1/2, 4:14 1/2, 4:15 1/2, 4:16 1/2, 4:17 1/2, 4:18 1/2, 4:19 1/2, 4:20 1/2, 4:21 1/2, 4:22 1/2, 4:23 1/2, 4:24 1/2, 4:25 1/2, 4:26 1/2, 4:27 1/2, 4:28 1/2, 4:29 1/2, 4:30 1/2, 4:31 1/2, 4:32 1/2, 4:33 1/2, 4:34 1/2, 4:35 1/2, 4:36 1/2, 4:37 1/2, 4:38 1/2, 4:39 1/2, 4:40 1/2, 4:41 1/2, 4:42 1/2, 4:43 1/2, 4:44 1/2, 4:45 1/2, 4:46 1/2, 4:47 1/2, 4:48 1/2, 4:49 1/2, 4:50 1/2, 4:51 1/2, 4:52 1/2, 4:53 1/2, 4:54 1/2, 4:55 1/2, 4:56 1/2, 4:57 1/2, 4:58 1/2, 4:59 1/2, 5:00 1/2, 5:01 1/2, 5:02 1/2, 5:03 1/2, 5:04 1/2, 5:05 1/2, 5:06 1/2, 5:07 1/2, 5:08 1/2, 5:09 1/2, 5:10 1/2, 5:11 1/2, 5:12 1/2, 5:13 1/2, 5:14 1/2, 5:15 1/2, 5:16 1/2, 5:17 1/2, 5:18 1/2, 5:19 1/2, 5:20 1/2, 5:21 1/2, 5:22 1/2, 5:23 1/2, 5:24 1/2, 5:25 BANK OF ITALY IN CONTROL OF FRESNO NATIONAL

Announces Successful
Conclusion of
Negotiations

PLAN NO CHANGE
IN MANAGEMENT

Will Be Known as Bank
of Italy, Fresno
Branch

The Bank of Italy has successfully concluded its negotiations for the purchase of the Fresno National Bank and control of the local institution passed into the hands of the San Francisco bank yesterday.

Announcement was made that control of the Fresno National Bank was purchased by A. P. Giannini, president and R. C. Hild, vice president of the Bank of Italy. Their interests will be taken over by the Bank of Italy and the local bank will be known as the Bank of Italy, Fresno Branch, just as soon as the legal details can be arranged.

The officers, directors and employees of the Fresno bank will continue without change. The directors will be known as the local advisory board of the Bank of Italy.

Aside from announcing that control of the bank had been purchased by the Bank of Italy, no information was given out yesterday as to what will be done with the property. It is expected, however, that some deals will be made shortly whereby Radiu & Kamp will take the corner of Tenth and J streets, now occupied by the bank and the bank will remove to the corner of Fresno and J streets.

The Fresno National Bank is the third San Joaquin Valley bank to be purchased by the Bank of Italy. Early last spring two banks in Merced were taken over and control of the Fresno National Bank is now pending for purchase of the control of the Pioneer Bank of Porterville but this deal has not been concluded. The Bank of Italy, it is understood, has made offers to some of the stockholders for the control, contingent upon the action of the board of directors.

The acquisition by the Bank of Italy of the Fresno National will reduce the number of national banks in Fresno from four to three and will increase the number of state banks from four to five.

Announcement of Sale

The following was the announcement made yesterday by the Bank of Italy: "A. P. Giannini, president, and R. C. Hild, vice president of the Bank of Italy, have just purchased the Fresno National Bank with a view of causing the same to be absorbed by the Bank of Italy and run as its Fresno branch just as soon as the legal details can be arranged. Adhering to its policy in such matters, the officers, directors and employees of the Fresno National Bank will continue on without change. The directors will be known as the local advisory board of the Bank of Italy, but will have the same duties and perform the same functions with regard to the local branch as they have heretofore done as directors of the selling institution. The policy of the Bank of Italy

REPUBLICAN USING PLAYER SCOREBOARD FOR WORLD'S SERIES

Today will usher in the fourth game of the big series for the baseball championship of the world, the Boston Red Sox meeting the Brooklyn Dodgers on Ebbets Field, Brooklyn, with the game starting at 11 o'clock, Fresno time. Despite that Fresno fans are 3000 miles away from the seat of war, they are offered an opportunity to witness the series under the auspices of the Fresno Republican on the big Player Scoreboard on the corner of the Republican building, Tulare and Van Ness.

The opening game of the series was played on the big scoreboard in the delight of 4000 fans, with another 4000 on hand Monday, while all of 5000 watched yesterday's fray and it was voted the biggest and best thing yet to be seen in Fresno to show how the players acted in the big game in Boston.

Those same conditions will be again carried out today. This scoreboard is the last thing in scoreboards, in realistic miniature every play as it happens in the big series will be shown on the board. All you have to do to see the world's series just as good as if you were there is to reach the Republican building in time to pick out a good spot. You can watch the great games without cost.

A special wire direct from the seat of war to the platform under the supervision of an expert operator will bring in every play. Then a corps of well trained baseball men will start the board and everything that happens in the game will be shown on the scoreboard and then megaphoned to the crowd.

Remember the first details will commence to arrive at about 10:45 o'clock, Fresno time, and ten seconds after the umpire gives the word to play the game the Player Scoreboard will be in operation chronicling and showing every play exactly as it happens in Boston.

In carrying out its branch system it is to add, rather than to detract from the activities of the acquired institution. The Bank of Italy comes to Fresno seeking an outlet for its surplus savings money, and will be ready to entertain all applications from any part of the San Joaquin Valley for loans, secured by first lien on income producing property.

"The Bank of Italy is a California corporation, organized in San Francisco in 1904, with an original capital of \$150,000. Its present capital and surplus is \$2,600,000, with assets of over \$30,000,000. It has over 75,000 depositors.

For the purpose of interesting and affording the local people in obtaining an interest in the Bank of Italy, the board of directors of that institution at its regular monthly meeting held yesterday voted to increase the capital stock of the Bank of Italy to \$5,000,000, divided into 50,000 shares at the par value of \$100 per share, and voted further to add a trust department to the activities of the bank. Immediately upon said increase capital being authorized the bank of Italy proposes to issue 10,000 shares at \$100 per share, a portion of which will be allotted to Fresno and vicinity, and will be procurable in limited number by the people residing therein.

Fosters School Savings

The Bank of Italy has specialized on school children's savings and is the official public depository of the Francis Public School Savings System. Today is has on deposit more than \$300,000 to the credit of these children.

GOOD ROADS PEOPLE TO OPEN OFFICE IN FRESNO

Great Deal Enthusiasm
for the Bonds Is
Reported

Big Advertisements Are
Being Carried in
County Papers

At a meeting of the Good Roads Advisory Committee held yesterday afternoon at the Commercial Club it was decided to open headquarters on the ground floor of the Griffith-McKenzie building, 1121 J street.

The various sub-committees reported that a great deal of enthusiasm in favor of the bond issue is manifest throughout all parts of the county. Farmers are being strung across the main streets in almost every town and a great many of the stores and public buildings are carrying cards in their windows urging the support of the good roads movement.

Harry Hurst, the secretary, is sending out thousands of letters to individuals, clubs, women's organizations and civic bodies and letters are being received endorsing the proposed construction of good roads. Arrangements will be made today for a vigorous whirlwind publicity campaign to acquaint the voters with the benefits that will be derived from a perfect road system.

Buy Buttons

Everybody is urged to buy buttons and banners. They can be obtained at the new headquarters and the profits made from their sale will help to defray the expense of the present exploitation work. Buttons sell for 50c apiece and the banners suitable for use on vehicles and automobile can be had for 25c.

E. A. Berg, in charge of the newspaper campaign, reported 25 papers carrying half page advertisements and from now on broadsides will appear in the daily papers. John Rorden reported that he had arranged a debate for the high school girls in Selma and that they would organize into crews for the selling of Good Roads buttons and the distribution of literature.

John Neu is making daily trips throughout the country, and L. W. Gibson of Clovis and J. A. Johnson of Kernan are both making individual canvasses of their districts. W. A. Sutherland will speak at a mass meeting in Clovis next week. Other meetings are being arranged for in all parts of the county. Prominent authorities on good roads will assist in the campaign.

Good Roads Button Day

The Commercial Club Boosters will be sponsors to a "Good Roads Button Day" and they will also assist in arranging for meetings at various districts. Dr. McKenna and Gerald Thomas will take an active part in this work.

Prominent men in every portion of the county have sent in word that they stand ready to assist in the work that the Advisory Committee has undertaken. Rumors that misleading reports are being circulated will be traced down and the true facts regarding the bond issue will be made clear. The committee strongly condemned such rumors as "good roads are being fostered by cement men and contractors," "the bond issue will be over six million dollars," "County road tax will be increased 200 per cent" and various other statements, gross and misleading.

From now until election will be a continuous campaign of activity for every member of the Advisory Board as well as hundreds who have volunteered to help.

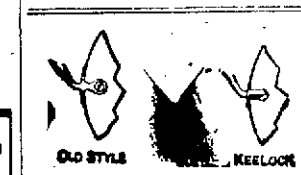

IRRIGATIONISTS CAN NOT ATTEND CONGRESS

Handicapped by Business
Affairs; County Is
Without Delegate

That important business matters have arisen to claim their attention is the reason advanced yesterday by local irrigationists for their failure to attend the year's irrigation congress at El Paso. Among those who were to have gone are L. A. Nares and L. Tellman, president and manager, respectively, of the Fresno Canal and Irrigation Company, and A. G. Wilson, general manager of the San Joaquin Light and Power Company. Nares has been chosen to represent the Fresno County Chamber of Commerce at the irrigation convention, and his inability to attend has faced the commercial body with the problem of filling his place. This will be discussed at the meeting of the directors of the chamber tomorrow evening.

GREEN FRUIT SALES

Yesterday's green fruit sales of the San Joaquin Valley fruit by the California Fruit Distributors: Chicago, one car grossing \$200; Boston, one car, \$125; Pittsburg, one car, \$125; Philadelphia, one car, \$125; New York, fifteen cars, \$125; \$1340, \$1213, \$1175, \$1035, \$1215, \$1125, \$1273, \$1094, \$1055, \$965, \$267, \$1035, \$1162 and \$1159.

"The Modern Way is the Keel-Lox Way," this wonderful new cemented KeelLox mounting has actually begun to revolutionize eye-glass making. It saves you expense, worry, lost time, and it is infinitely better looking. Any one of these considerations would be enough in itself. You can get all the advantages in one—the KeelLox Mounting.

JENKS JURY LOCKED UP FOR NIGHT BY AUSTIN

Reported Men Stand 8
to 4; Details Are
Not Learned

Alienist Says Man Is
Sane; Six Others
Testify

No verdict having been reached at 9:30 o'clock last night, the jury selected to try W. H. Jenks of Fresno on the charges of arson and with setting fire to a building with the intent of burning insured property, was locked up for the night.

It was reported that the vote stood 8 to 4 from 6 p. m. until 9:45 p. m., but as to the nature of the vote, and whether the major number was for conviction or acquittal, could not be ascertained.

A clerk employed in the store of Frank Hickman, Mariposa street, was jointly charged with Hickman with arson and with burning insured property with intent to defraud insurance companies. Hickman was tried several months ago and acquitted. Jenks pleaded guilty to the charges and applied for probation on the ground of insanity.

When probation was denied he changed his plea to not guilty and stood trial. The defense was that Jenks was insane at the time he set fire to the Hickman store. Jenks has not denied getting fire to the store, but the defense in his behalf is that he was insane and therefore should not be held criminally responsible for his act.

Try to Show Insanity

When the Jenks case was resumed yesterday morning before Judge L. E. Austin and a jury in the Superior court, Attorney W. H. Harris and Ernest Klette resumed their efforts of the day before to show by witnesses who had known the defendant for years that he was insane.

District Attorney McCormick and Assistant District Attorney W. H. Harris presented the case against Jenks, introduced but one witness to prove that the defendant was not insane. Dr. Andrew W. Holsholt superintendent of the state institution for the insane at Napa, testified to be an authority on the insane with international experience, gave as his opinion that Jenks was not insane and could not be termed as such. Dr. Holsholt said that last March Jenks was under his supervision at Napa for several days, and that he examined Jenks at that time. He said that he reported Jenks to be sane at that time.

Wanted His Brain Washed

Summoned to testify by counsel for the defense yesterday morning were six witnesses.

Dr. W. K. Vance said that Jenks asked him to take out his brain, wash it in gasoline and put it back.

M. W. Flower testifies to receiving a letter purporting to have been signed by Jenks urging the former to take good care of the gold mine, to ship the first cargo of ore, about \$50,000 worth, to Frank Hickman, as he (Jenks) was taking care of Hickman as the latter was a poor invalid.

District Attorney McCormick questioned the veracity of this letter in his argument to the jury. The letter was said to have been dated November 19, 1915, more than a week previous to the burning of the Hickman store.

Jenks was arrested, and that the letter was discovered by one of the attorneys retained to defend Jenks. Other witnesses were R. C. Page, Jack Sparks and Albert Sanderson.

The opening argument to the jury was made by Assistant District Attorney Harrison.

The first argument for the defense was made by Attorney Ernest Klette. The closing arguments were made by District Attorney McCormick and Judge M. K. Harris.

MERCHANTS' ASS'N LARGEST IN STATE

Membership of 301 Now
Exceeds Any Like
League in State

That the Merchants' Association of Fresno now has the largest membership of any like organization within the state was announced yesterday when the 300th member was elected and passed, in celebration of which the association is planning a big gathering to be held in the Commercial Club next week on the evening of October 17. It will also be the occasion of the first regular meeting of the organization, the fall session, and, in addition, a number of other features that have been planned for the evening's program, a general discussion of business affairs between the members will be indulged in.

Directors of the association met yesterday and discussed plans for the big night.

FREE COALINGA MAN OF MURDER CHARGE

Hanson Not Held Responsible for Death of
Mrs. Sweeney

Victor Hanson, Coalinga pugilist, arrested in San Luis Obispo, last month, on a charge of murder in connection with the death of Mrs. Sadie E. Sweeney, was yesterday released by a grand jury in the county. The jury recommended that the murder charge be dropped.

The arrest was made because of Hanson's actions toward the woman a few days prior to her death, while attending a dance at Pismo Beach. It is alleged that Hanson struck her, knocking her to the floor. Relatives at the funeral here noticed that one eye was blackened and asked that an investigation be made. The body was exhumed and an autopsy held. A pathologist found that would show that the blow Hanson was alleged to have struck her, could have produced the death of the woman.

Acting on the recommendation of the grand jury, Deputy District Attorney Charles A. Palmer of San Luis Obispo, requested Justice Mallagh to dismiss the action.

Kutner's Pay You Dividends On Your Purchases

New Book

—The Rainbow's End—By Rex Beach, \$1.35.
—A thrilling story of Cuba—a lost treasure—humor and romantic love.

- Phone 3700.

To Men Without Wills:

Do you know that the laws of California may bestow a part of your property where you would not WILL IT? Are you not better able to determine who should share your property than a law made to cover conditions broadly? Have you not some legal heir whom you would prefer to have only INCOME from your estate, rather than an outright share? You can adjust the law to family circumstances by having a legal will. You may, indeed, present hardship to some of your heirs by doing so. It is the part of wisdom to investigate and not delay.

An Unfailing Way To Banish Hairs

(Beauty Notes)
Vagly hairy growths can be removed in the privacy of your own home—if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.
